FLORA-EFALEX

"Not stupid, not naughty, not lazy." Just not enough essential fatty acids. E.F.A.s and their metabolites can play a key role in the development of vision, learning ability and co-ordination. Taken with a calcium/magnesium supplement, you can be sure they'll get better grades. Calcium/magnesium, an extremely important factor in lowering high blood pressure and maintaining and contracting the heart muscle and arteries. Magnesium - the anti-stress mineral assists in Calcium and Potassium uptake.

We will match any competitor's advertised price.
