Region of Halton Water and Wastewater Pipelines

OPEN HOUSE

The Region of Halton and our "partner" the D'ORAZIO-WALTER Joint Venture are ready to begin construction of the water and wastewater pipelines along Regional Road 25 and Derry Road and the associated pumping station. These pipelines will provide lake-based servicing for the new growth areas in the Town of Milton as part of the Halton Urban Structure Plan. Existing residences and businesses in Milton will remain on a well-based supply.

This project got its start in the Halton Urban Structure Plan (HUSP) which was approved by Regional Council in 1994. Council gave the go ahead for the pipeline project in the summer of 1998. The D'ORAZIO-WALTER Joint Venture was selected in April 1999 to design and build the pipelines and pumping station. Construction is expected to begin in December 1999 and be completed in September of 2000.

HAVE YOUR QUESTIONS OR CONCERNS ANSWERED AT OUR OPEN HOUSE:

Date: Tuesday, November 23, 1999  
 Time: 6:00 p.m. to 9:00 p.m.  
 Location: Region of Halton - Auditorium, 1151 Bronte Rd., Oakville

Open House display panels will provide information on the project and staff from both the Region and the design build team will be available to discuss the project and address your questions and concerns.
