US SURFACE PREPARATION
GROW WITH US
USF Surface Preparation is the world's leader in providing equipment for industrial surface preparation.
Due to rapid growth we are offering excellent opportunities for highly motivated individuals to join the USF Surface Preparation Team in our new state-of-the-art 100,000 square foot engineering/manufacturing facility in Burlington, Ontario.
We have the following positions to be filled immediately:
INTERMEDIATE DETAILERS
Assigned to a Group Leader, you will utilize your proficiency with AutoCAD to effectively draft and design components in accordance with industrial engineering standards. Knowledge of mechanical assembly, machining practices and strong computer skills are key attributes of the preferred candidates.
TECHNICAL SYSTEMS CO-ORDINATOR
In this role, you will assist in the development, implementation, training and documentation of our new management system software. Working with AutoCAD, document management software and AUTOLISP, you will assist in further development and maintenance of the system.
PROJECT SCHEDULER
You will be required to track multiple projects, monitor time-line GANTT charts and generally assist the Senior Project Manager. Strong Microsoft Project 98, Word and Excel skills are required. Working knowledge in AutoCAD would be an asset.
AIR BLAST & PAINT ENGINEERING TECHNOLOGIST
Candidates must be familiar with the airflow dynamics associated with the design of Air Blast Rooms and Paint Booths. Working knowledge of NFPA and EPA Standards, as well as AutoCAD 14, is required.
All positions require a minimum of 2 to 3 years of practical experience along with a diploma in Mechanical Engineering Technology.
If your ambition is to grow with an international company whose mission is to be the foremost producer of Surface Preparation Equipment, then we want to hear from you. Please forward your resume to: (905) 319-7881. E-mail: ssoduls@blastcleaning.com
