**NOW YOU CAN PICK YOUR OWN  
ELECTRICITY RETAILER.**

**Starting in March, 2000, you will have the power  
to choose your electricity from a number of companies.**

This important change will lead to greater competition and choice for you, the consumer. Naturally, if you're happy with your current supplier, you don't have to switch. Either way, what won't change is the safety and reliability of Ontario's electricity system.

And to protect you, all electricity suppliers will be licensed by the independent Ontario Energy Board. In the near future, you'll probably be hearing from a number of new energy retailers offering a variety of price options for delivery of services beginning in November, 2000.
