## Why do other driving courses say they're just like Young Drivers?

Maybe it's because Young Drivers has *thirty years* of experience teaching collision avoidance. And over *half a million graduates*, coast to coast. And *more than a million dollars* invested in driver training research, plus *another million* invested in annual recertification programs for

our instructors over the past 10 years.

And has achieved Registration to the coveted *ISO 9001 Quality Assurance Management Standard*.

No matter *what* they say, no one else is *anything* like Young Drivers!
