THE CANADIAN CHAMPION

Why in the world would anyone do this?

Dear Editor:

My name is Emily Brown. I am seven years old and live in Milton.

On Saturday, I volunteered to help clean up Milton during Good Neighbours Community Day.

My dad and his friend Tony helped me and our job was to clean up the creek between the Optimist Centre and Laurier Avenue.

We were very surprised to find about eight bikes, five grocery carts, computers, radios and other

gross junk.

My dad and Tony brought all the garbage to the top of Commercial Street so that it could be picked up by the Town on Monday.

Once we had cleaned up all the mess, I said to my dad that this would be a good place to take our dog Leo for a walk.

On Sunday afternoon, we took my dog for a walk there and what did we see?

We saw a very bad person who

had thrown all of the garbage including bikes and stuff back into the creek.

I asked my dad why someone would do something like this after all the hard work that we had done.

He could not give me an answer. He said that if I were to write to you, maybe the bad people that did this would read this letter and send you an explanation.

Milton needs a proper theatre, says reader

(The following letter was addressed to Mayor Gord Krantz and a copy was filed with The Champion.)

Dear Editor:

My husband and several friends and I attended the marvelous concert of the Welsh Male Orpheus Choir at St. Paul's United Church.

I noted you and your wife were in attendance and along with the rest of the sold out audience, seemed to enjoy the evening.

This is one more demonstration of the need for a proper theatre building for Milton. An air conditioned and slant floored auditorium would be well used and much appreciated by the people in our lovely town.

With the new growth there should be an even greater need for such a facility for various types of performances — dramatic, musical, educational and general town gathering events.

I would strongly endorse the use of some of the money for the Mohawk Raceway be used to construct a facility such as this.

Isn't it time Milton had such a facility?

Thank you for consideration of these points.

I look forward to a response. I would be glad to help in any way I can.
