## The Affordable Vehicle Alternative

### The Concept:

Just down the street from our main location is our new **"NO THRILLS OUTLET"**. This facility features good vehicles with a little bit higher mileage and with safeguard warranties & guarantees that greatly reduce the risks of used vehicle purchasing. These peace of mind assurances sure are not available everywhere.

### The Vehicles:

Range from older reliable makes right up to & including 1998 makes & Models. Many are one owner original vehicles that will pass the inspection of the most discriminating purchaser. There are over **40** vehicles on display which include:

- Family Sedans
- Luxury Sport
- Sport Utilities & Passenger Vans
- Pickup Trucks
- Import Makes & Models

### Prices:

Start at \$2,995. and move through the ranges to a maximum of \$19,995. Prices are posted in each car and are at the lowest level possible, eliminating any need for negotiations.

### Financing:

All the usual options are available, as are leasing plans. We are electronically connected with three banks & may be able to present options and interest rates not available elsewhere. For example we have our own in-house financing plan which is used in select cases. And we should be able to offer alternatives to meet all family budgets.

### Objective:

Eliminating some "SPIT AND POLISH", appearance detailing and facility overhead - plus working around the premium the market dictates on low mileage vehicles, we are able to provide purchasers with the most vehicle for the very best price.

*If you are a "Seasoned Shopper" do not overlook the strength of our Warranties & Guarantees and Reputation.*

*.....*

*If you are a "Price Shopper" you will not duplicate the value in these prices anywhere.*
