THE CANADIAN CHAMPION

Office closure won't affect Cancer Society's services

Dear Editor:

With reference to your article on the closure of the office of the local chapter of the Canadian Cancer Society in Tuesday's issue of The Champion, we wish to assure the residents of Milton that there will be no change in the level or method of service in the community.

The current proposal is an administrative change to the branch from Georgetown to Oakville, and will not interrupt or affect in any way the level of

services provided by the society.

Milton has given us generous support over the years, and we wish to thank all our volunteers and supporters and assure our clients we will be operating as always.

The Canadian Cancer Society is an organization of volunteers that's totally supported by public donations and doesn't receive any government funding. Ninety cents of every dollar donated goes to patient services, health promotion and cancer

research. Our mission is the eradication of cancer and the enhancement of the quality of life for people living with cancer through funding research and volunteer-delivered programs with the principle of the efficient use of donated funds.

Again, we sincerely thank everyone who made the year such a success, because without you we would not have made the progress we have.

John A. Perrott, president
Milton branch, Canadian Cancer Society

Thank you to all of the wonderful Milton coaches

Dear Editor:

This is a letter of appreciation to all the coaches and assistant coaches in our community who volunteer their valuable time to train, assist, and guide our children in their summer sports.

My three children have all experienced and continue to experience the benefit of one of your valuable coaches.

I realize how you give up many things you could be doing for yourself so that you can coach our children.

I realize how you rush after work, scurrying in to quickly eat dinner, get your kids ready and go off to soccer or baseball to practice with the children or prepare them for the night's game.

I also appreciate the fact that you may not always feel on top of the world, but you still sacrifice and do your best to always be there, or you arrange for assistance so that the children aren't let down.

I appreciate the fact that you always try to be fair, and you try your best to show a balanced and fun time for all the children.

I also appreciate the fact that you as a volunteer are what keeps the cost of signing up for this fun sport down to an affordable rate for all.

I would hate to think of the cost of these fun summer sports for our children if we had to pay our coaches' wages too.

Oh behalf of myself, my family, and I am sure many many parents out there, thank you to coaches, assistant coaches and helpers for your all you do, and for the time you spend.

You are valuable to us.

Lisa Pearson
Milton
