Total Manufacturing Solutions

SANMINA

Sanmina Corporation is a leading electronics contract manufacturing services company providing a full spectrum of integrated, value-added electronic manufacturing services. The company provides these services to a diversified base of leading OEMs in the communications, industrial and medical instrumentation and high-end computer sectors of the electronics industry. Sanmina's Enclosure Systems Division, headquartered in Toronto, Ontario is currently preparing to move into their new facility, one of the largest of its kind in the world, which will house state-of-the-art enclosure design, manufacture, integration and test capabilities.

SANMINA – BUILDING FOR THE FUTURE

Join us in our new world class facilities. We have immediate permanent full-time opportunities, with overtime available:

Brake Press Operators – Must be capable of performing own set-up, first off approval and running parts on Amada, Wysong and/or LVD 3, 4, 6 or 8 axis machines

Welders – Qualified aluminum and steel welders. Must be able to read blueprints and weld in both Mig and Tig applications.

Grind/Cleanup – Must be able to operate and handle power grinding tools, remove weld excess and finish grind component parts.

The above positions are available for both day and night shift and we require Brake Press Operators for weekend shift as well.

Sanmina offers an attractive and complete compensation and benefits package, including a Deferred Profit Sharing Program, an Employee Stock Purchase Plan and ample opportunity for professional growth both within Canada and other international Sanmina Divisions.

When you join Sanmina, you'll find a workplace where people are empowered to perform. Explore the challenge — and experience the rewards.

Send your resume in confidence, or apply in person to:
