

Brookville store held up by shotgun-toting robber

Halton Regional Police are looking to track down the man responsible for an armed robbery at the Brookville Store Saturday.

At 11:50 p.m., an unknown male suspect entered the Guelph Line store, produced a shotgun and demanded cash and cigarettes from the clerk.

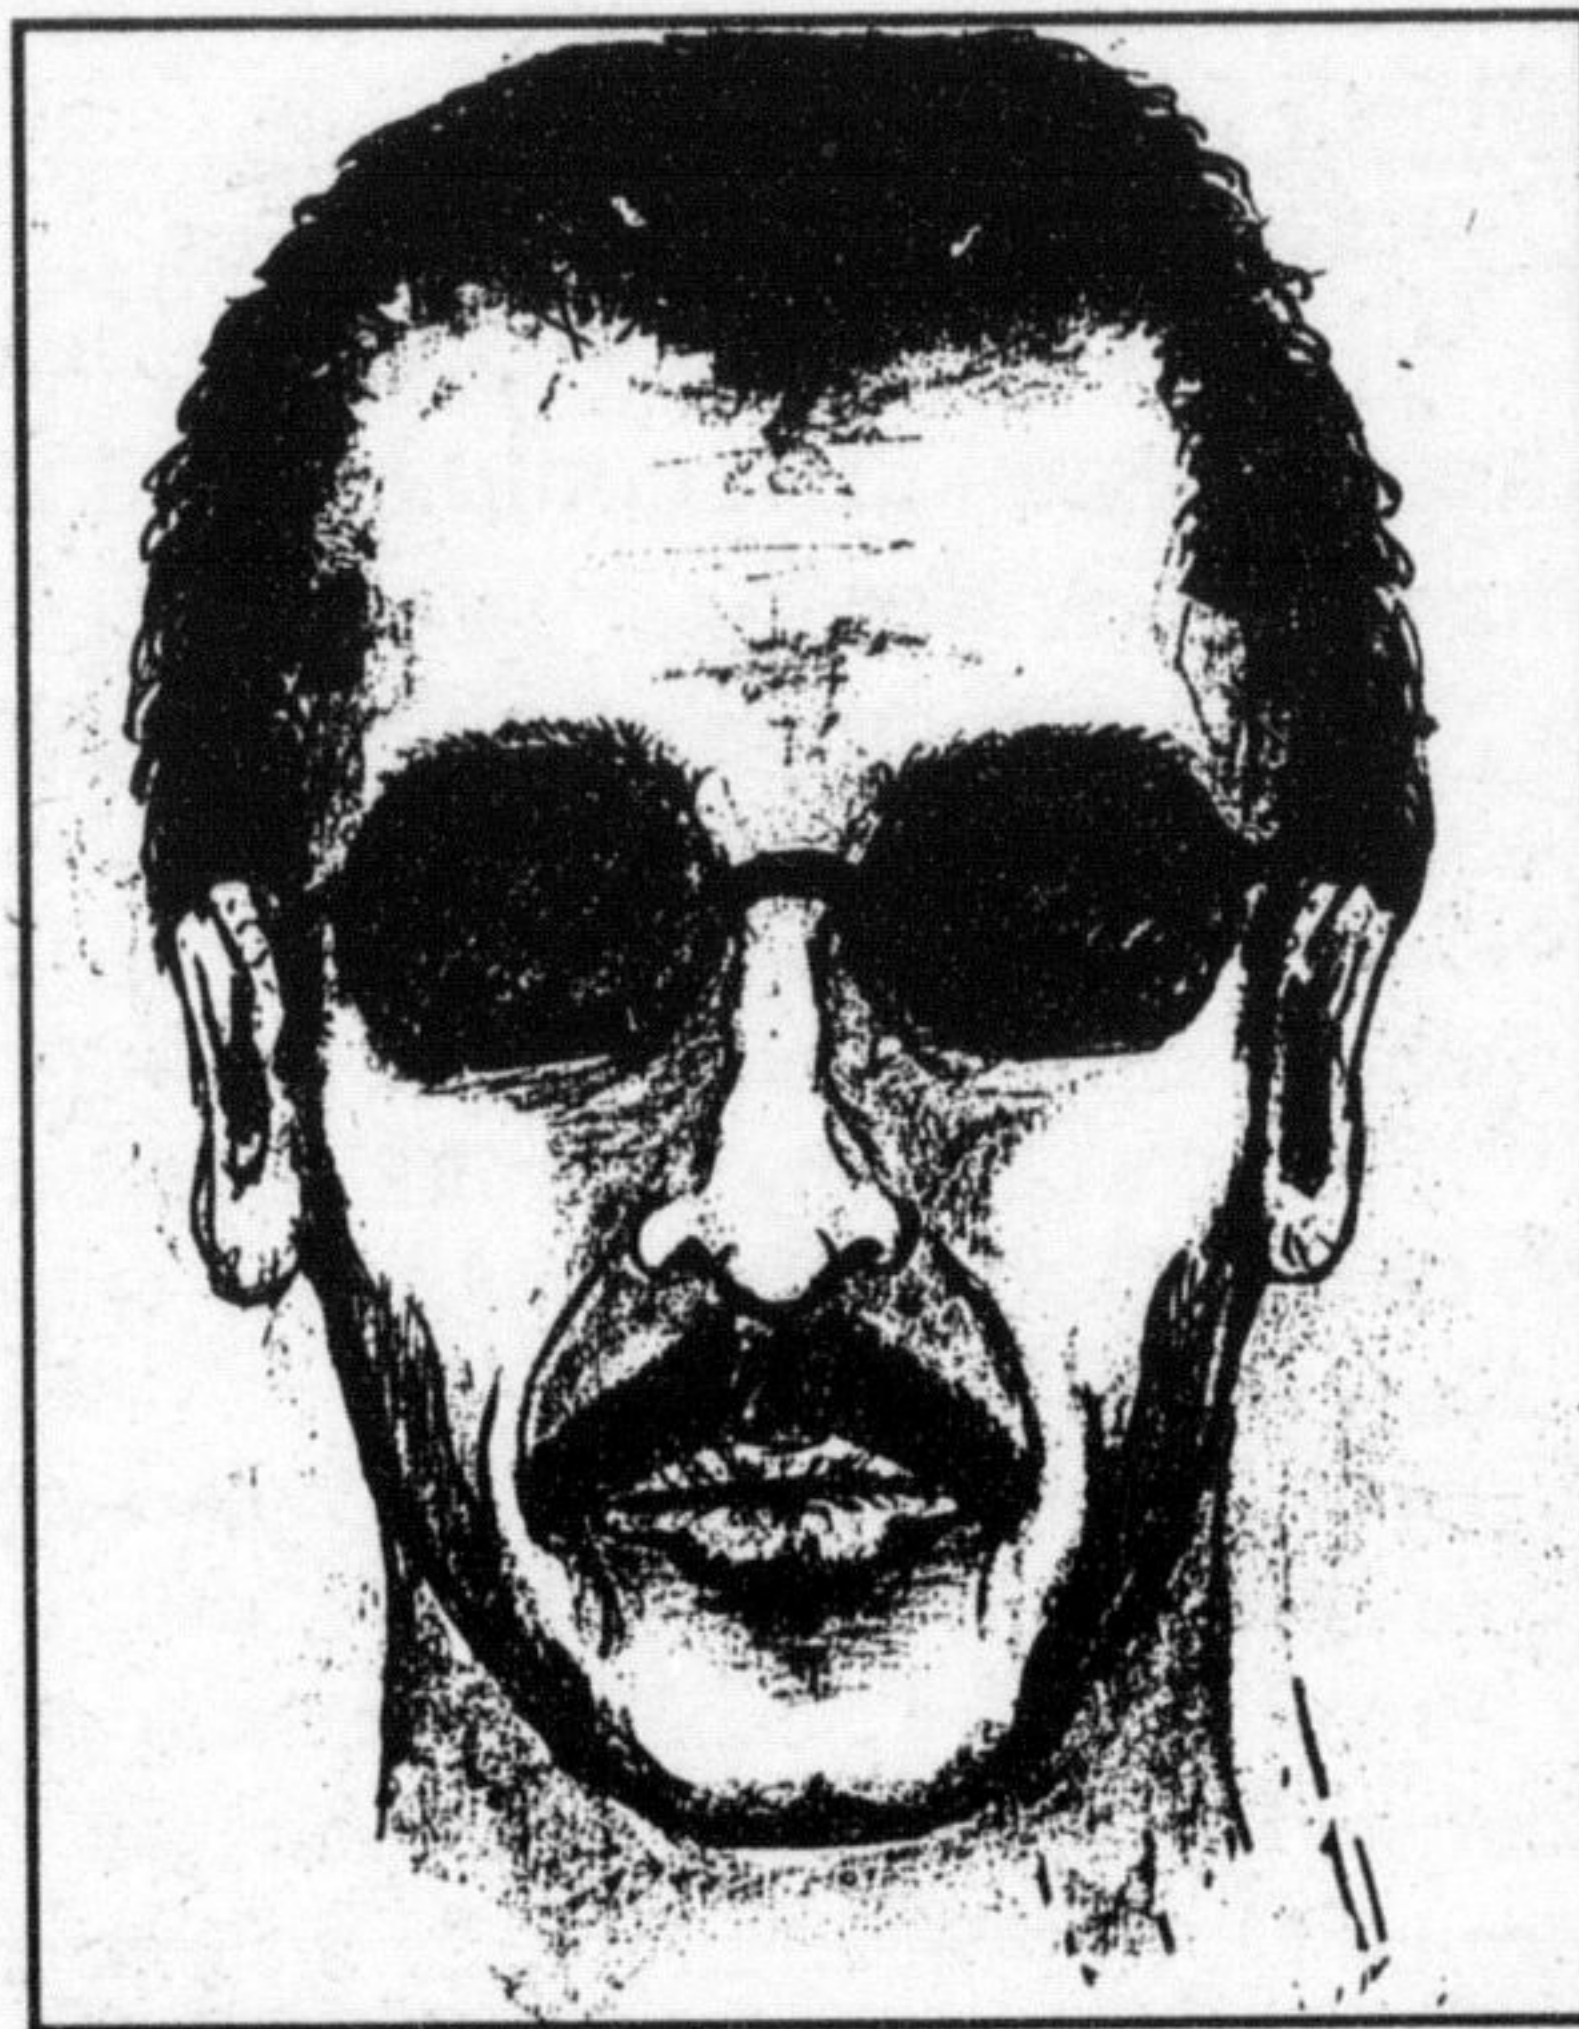

The armed assailant promptly left the shop and was last seen running northbound on Guelph Line.

Canine unit search unsuccessful

The police's canine unit was quickly dispatched, but search efforts proved unsuccessful, said Det. Sgt. Jackie Gordon, who heads north Halton's Criminal Investigation Bureau.

The suspect was described as a white male, five-foot-10, 175 pounds with black hair. He was last seen wearing a jean jacket and track pants.

Anyone with information about the robbery is asked to call Halton Regional Police's Criminal Investigation Bureau at 878-5511, ext. 2416.

Police have released this composite drawing of the robbery suspect.

Correction

A wrong phone number was published Tuesday in a story about the Town of Milton selling millennium flags.

The public can purchase the souvenir flags currently hanging on Main Street lampposts.

The actual number to call if you're interested is 878-7252, ext. 2138.

We apologize for the error and any inconvenience it caused.

This is Gorrud's **"NO FRILLS OUTLET"** (just down the street from their **250 Vehicle** main location).

This facility's operation is heavily directed towards price conscious buyers, who believe they save money purchasing privately. Jim Gorman, Gorrud's founder & owner, says **"PRIVATE SALES** generally do not provide better prices".

WHY - just WHY would you ever PURCHASE a VEHICLE PRIVATELY?

(unless maybe from a responsible family member or friend who has owned the vehicle from new)

"WHAT IF AFTER PURCHASING, you encounter a serious problem situation - just who do you turn to for help, or some form of financial support?"
"Even if the transaction has been with a family member, they may not have had full knowledge or background of the vehicle & be unaware of the problem(s) that exist."

WHAT HAPPENS WHEN...

1. Serious mechanical problems present?
 2. Major post accident repairs are detected?
 3. RCMP identify as stolen and seize?
 4. TITLE problems come to light?
 5. turns out to be an insurance write-off?
 6. Evidence of mileage tampering from earlier owner?
- (The Used Vehicle Information Package helps but sure does not respond or detect all these potential situations.)

THE BEST ADVICE IS...
