

For
goodness
sake . . .

A good health
tip from
Milton District
Hospital

It's time to
winterize
your car

With winter in full force, it's a good idea to take some precautions and have your vehicles winterized. Install good winter tires and have your car checked over by a certified mechanic. Equip your vehicle with a "winter car kit" including a flashlight, first aid kit, emergency food, blankets, sand, road flares, ice scraper and brush, matches, a candle in a can, shovel, booster cables, tire chains, an extra pair of gloves and socks, a hat and rain gear. Remember, always keep your car gas tank at least half-full.

Oakville fire chief hired as Region's emergency planning coordinator

Oakville Fire Chief Wayne Gould's retirement didn't last long.

In October, Mr. Gould, who served as Oakville's fire chief for nine years, announced he would step down at the end of November.

But late last month, the Region of Halton announced he was hired as planning coordinator for Halton's Emergency Planning Services.

While with the Oakville Fire Department, Mr. Gould was responsible for the overhaul of the Town's Emergency Plan, and he also served as Halton's regional fire coordinator for the past three years.

"Wayne Gould has been instrumental in assisting Halton in the development of its emergency preparedness over the past 10 years as a member of our Regional

Wayne Gould

Emergency Planning Advisory Committee," said Halton's Chief Administrative Officer, Brent Marshall.

"This knowledge, as well as his leadership and planning skills will be an asset in his new position as

emergency planning coordinator."

Mr. Gould, who has spent 32 years in the firefighting service, assumes his new post today.
