Bailey Heating & Cooling makes customers feel comfortable

Customers are never too hot or too cold after dealing with Bailey Heating & Cooling Ltd. The company specializes in numerous units geared at making the living or working environment pleasant.

For over 40 years the company has serviced and installed furnaces, air conditioners, rooftop units, electronic air cleaners, humidifiers, barbecues, fireplaces, infrared heaters and unit heaters.

"We satisfy the customer by doing a good, efficient job," manager, Shelley Kidd said.

Their showroom, open all winter long and in the summer by appointment, displays a variety of Napoleon barbecues and fireplaces. Both direct vent fireplaces for those lacking a chimney and inserts for masonry fireplaces are available.

Technicians employed by Bailey's have under-

gone schooling for gas fitting, oil burner or refrigeration mechanics in order to provide knowledgeable services. Three technicians have been with the company for 15 years during which time have acquired respect for quality service and dedicated care.

"We take care of other's property as if it was our own," Ms Kidd said.

As part of Bailey Heating & Cooling's customer dedication, warranties are offered on most units to include parts or parts and labour. Customers also have the option of utilizing a yearly service plan available on most units under 20 years old.

A 24 hour emergency service is also available connecting clients to a live attendant.

Learning to dance is fun at Dance Elite

Anyone can learn to dance, all it takes is the proper training. That training can be found within the studio walls of Dance Elite.

Dance Elite, owned by Marnie Palmer, provides the community with a positive and fun dance studio open to children aged three right through to adults.

Students can train in ballet, tap, jazz, acrobatics, modern, lyrical, musical theatre, drama and vocal. Teachers are qualified by the Canadian Dance Teachers Association and the Dance Masters of America.

Classes run from September to May. The students begin preparing their choreography in December for their end of the term performance. The three hour show allows dancers to show off what they've learned at the Meadowvale Theatre.

Students also have the chance to perform at community events throughout the year including

Canada Day celebrations and the Strawberry Festival. The dance school also frequents Allendale.

A student's objective may be to learn dancing, but at the same time they acquire other benefits.

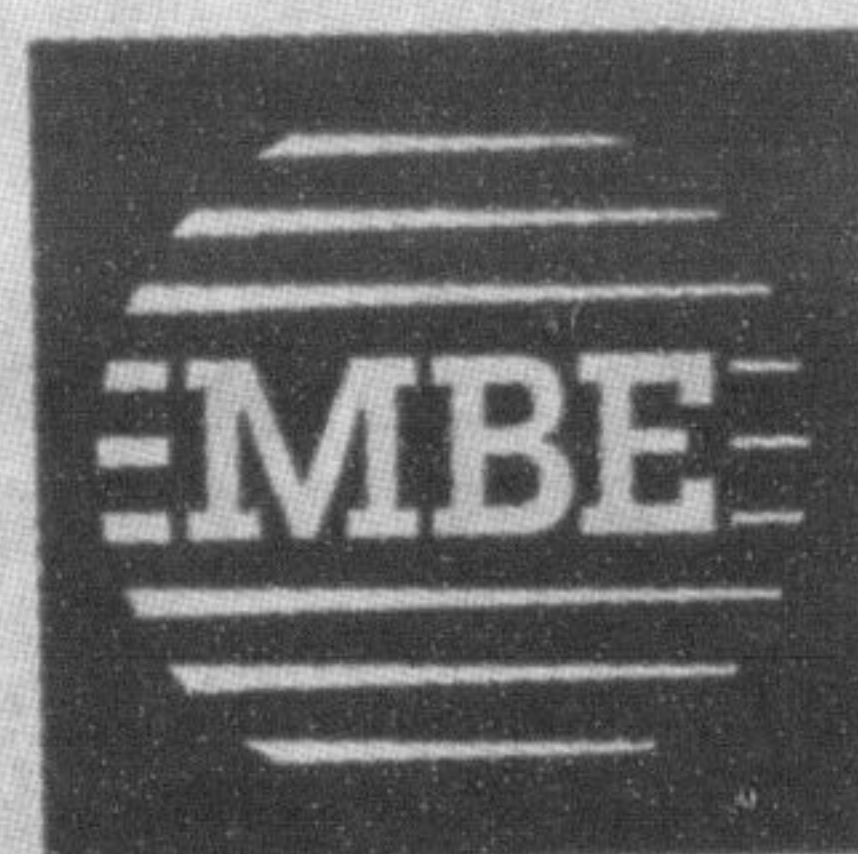

"Dancing works on building a great sense of confidence and self esteem in the dancer," Ms Palmer said.

Students also develop a sense of poise and are in incredible physical shape.

Presently, the dance school is preparing for their week long summer camps. Camps are available throughout the month of July for juniors, intermediates, seniors (evenings) and a half day introduction camp for beginners.

"They'll get a full variety of dance classes," Ms Palmer said. "It's a fun filled week."

**Dance Elite is located at 550 Ontario St.
Unit 7 (Pizza Hut Plaza)
