## Halton Pools & Spas quenches all your pool and spa needs

Summertime is just around the corner and that means one thing - pool season.

Mike and Ann Accettura of Halton Pools and Spas have been providing quality service with pool and spa selection since 1975. Mr. Accettura began as a contractor and built the business by referrals. The store will be celebrating its 25th anniversary in May. Whatever your pool or spa needs, the friendly staff of Halton Pools and Spas can help. The store offers quality service, selection, service repairs, a parts depot, full restoration, weekly maintenance, solar heating systems, and water analysis. The vast inventory also offers quick turn around for repairs.

"We provide a good, quick, reliable service," Mr. Accettura said.

The 2000 sq. ft. showroom of spas, heating systems, auto cleaners, chemicals, large parts and inflatable pools offers just a taste of

what Halton Pools and Spas has to offer.

Not only can people trust the advice and service offered, they have the trusted names to back it up including Infinity, Jacuzzi & Hayward pool equipment, and the Mursatt line of chemicals.

"We want people to save money and extend the life of the products, and have a place to go with problems," said Mr. Accettura

The staff try to stress the importance of understanding procedures to follow in order to create a healthy water environment for swimming and bathing.

"The key is to communicate with the customers, solve their problems and get them going again," Mr. Accettura said.

**Halton Pools and Spas is located  
845 Main St. E.  
(across from the GO Station)  
905-878-7087.**

## Pets kept happy and healthy by visiting Hawkins Animal Hospital

Pets may fear veterinarians as children fear doctors, but owners can be assured, Hawkins Animal Hospital is nothing to worry about.

The busy hospital is full of caring and animal loving staff members that provide the necessary medical treatment to keep your pet happy and healthy.

Growing up with a veterinary surgeon as a father, Dr. Debbie Hawkins was always around animals and dreamt of someday owning her own practice. Her dream came true when Dr. Hawkins opened Hawkins Animal Hospital in October of 1998, seven years after graduating from the Ontario Veterinary College.

The animal hospital, owned and operated by Dr. Hawkins offers dental, medical and surgical care to all companion pets. Even rabbits and guinea pigs are welcomed visitors in the clinic.

Dr. Hawkins approaches her work with preventative medicine in mind. This means advising

on dental and dietary problems that if left unchecked can lead to a variety of health problems.

Of course, Dr. Hawkins is not the only animal enthusiast at the practice. All aspects of surgery, anesthesia and medical care are assisted with by veterinary technician of twelve years, Lisa Lott. Veterinary assistants Tiffany and Monique as well as new comer Lisa, also assist in the smooth operation of the animal hospital. Animal enthusiast and practice manager Susie Baker, also plays an integral part of the team.

Unique to Hawkins Animal Hospital is the "Hospital Cat" Buffy, and Dolly a year old Golden Retriever who is currently training for reception duties.

**Hawkins Animal Hospital  
is located at 550 Ontario St. S  
905-875-6888**
