

# ✓ Chris Hadfield band set to perform in fundraising concert next month

*Brother and friends will round out the show at E.C. Drury June 9*

Canadian Astronaut Chris Hadfield will step out of his space suit and put on a show for Milton next month.

Col. Hadfield — who just became the first Canadian to perform a space walk — his brother David and friends will provide a night of entertainment at E.C. Drury High School June 9 when their band, Astronique, will take to the stage for a special concert.

The band specializes in Canadian folk-type music. Most of the songs have been written by Chris and David.

The concert, Songs of Canadian Space, will include two songs David wrote about his brother's trip — 'Big Smoke' and 'A Great New Star in the Sky'.

The concert will support the Chris Hadfield Bursary Fund. The bursary, which was originally just for students attending Milton District High School, has been expanded to all three high schools,

making it a truly all-Milton scholarship.

The bursary is given to the best all-around student who, although excelling in scholastic achievement, may not be the top student in any one discipline.

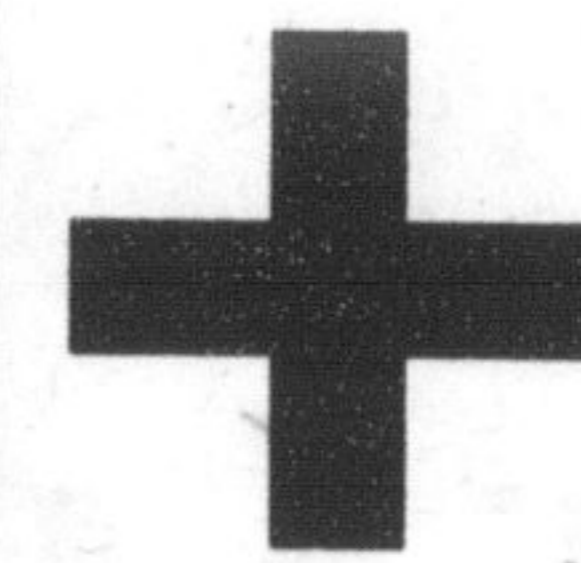

The concert will begin at 8 p.m. in the school gymnasium.

Tickets will be available starting May 22 at Northend Nissan, Mike's Barber Shop, the lottery booth at Zellers and Time Zone Travel Agency at Loblaws as well as at the door.

Tickets cost \$15 for adults or \$5 for children 12 years of age and under.

This will likely be the town's only chance to see, hear, congratulate and possibly meet Col. Hadfield until his return from Russia next year.

# ✓ Local business fined for Workplace Safety and Insurance Board violation

A Campbellville business has been fined for a Workplace Safety and Insurance Act violation.

Fine Oak Things of Campbellville was ordered to pay \$1,500 April 23 after the company's proprietor pled guilty to a charge of failing to register as an employer.

A related charge against owner Daniel Walter Gosse was withdrawn.

"People who fail to comply with the Workplace Safety and

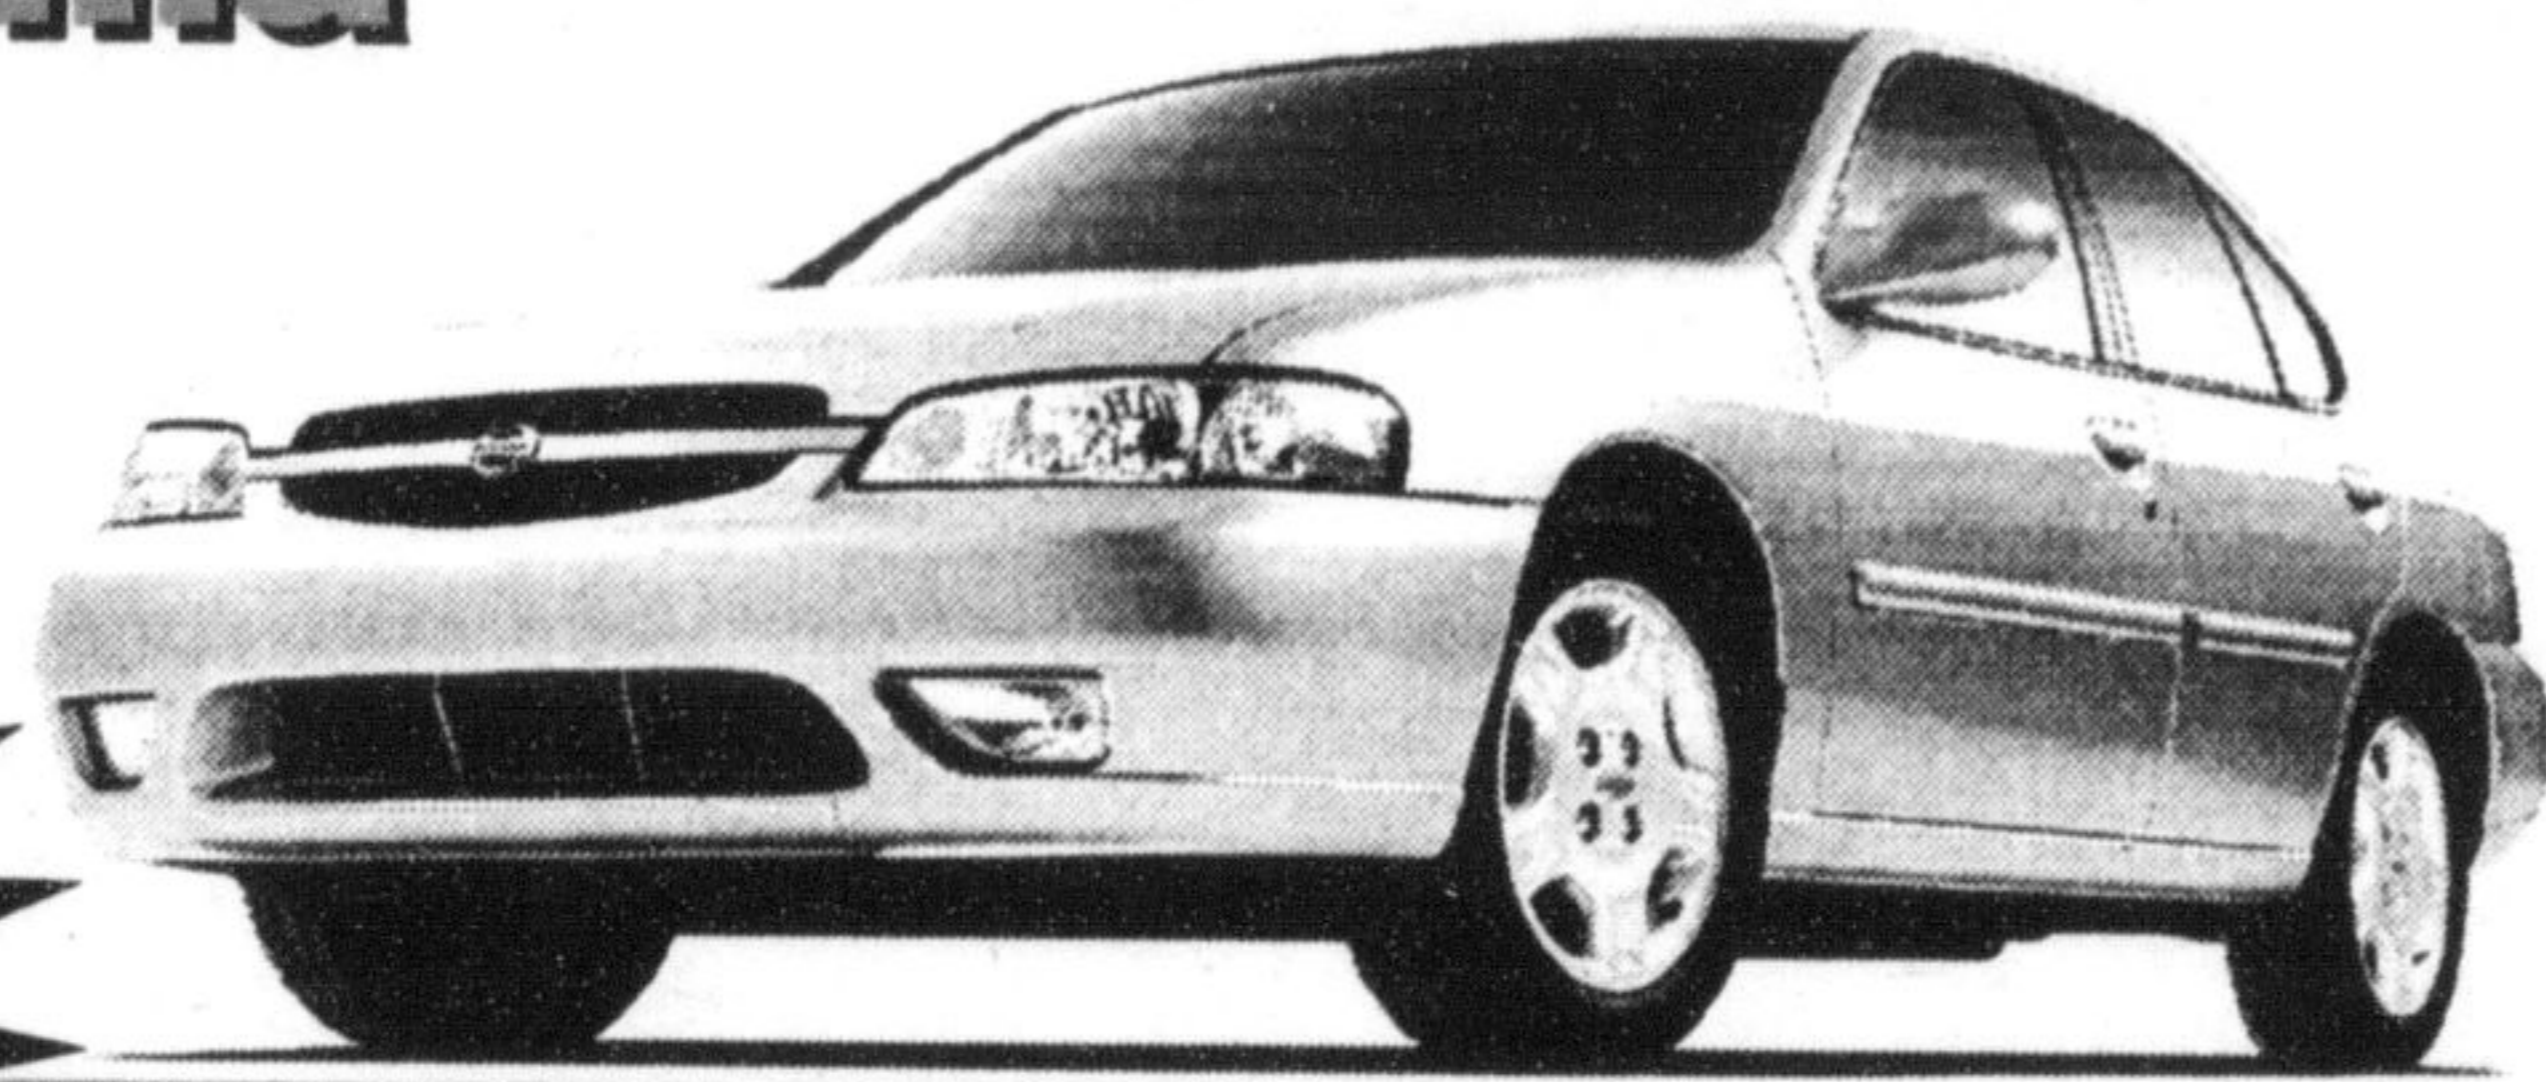

Insurance Act are undermining the effective operation of Ontario's workplace safety and insurance system," said Linda Lamoureux, director of the Workplace Safety and Insurance Board's Special Investigations Branch.

"By prosecuting these offences, the WSIB is helping to ensure a fair and effective compensation system and safe and healthy workplaces for all Ontarians."
