**HEALTH AND SAFETY
 SALES EXECUTIVE**
 SafetyCare Inc. is an international company
 which produces and distributes its own range of
 Safety Training Videotapes and Manuals.
 Working out of our Burlington office, we provide
 companies throughout Canada with quality aids
 to help train their staff in health and safety.
 We are looking to add one more sales person to
 our successful team. The position involves
 selling our products to existing customers as
 well as developing new business. All the sales
 activity is done over the phone. The person we
 are looking for does not need specific qualifica-
 tions, but rather should be able to demonstrate
 a stable history with a personal or business
 background that indicates persistence and
 determination.
 We offer a basic salary, plus commissions and
 health benefits, with potential first year earnings
 of \$30,000- \$40,000.
 If this position interests you,
 please call: Ed Aasman at
 SAFETYCARE INC. (905)631-6070

Interautomation Inc.
 designs and develops automated test systems for the major
 automotive companies in North America and Europe. Our
 systems are used in research and development of next gener-
 ation engines, transmissions and powertrains. Immediate
 opportunities exist for multi-faceted team players who pos-
 sess strong communication skills and thrive in a technically
 challenging environment.

Project Engineers
 You work with customers to specify and develop automated test
 systems integrating instrumentation, control, dynamome-
 ters and dynamic simulation models with our test
 software. You typically work on projects from conception
 through commissioning and customer acceptance. Preference
 will be given to candidates with an Electrical / Mechanical
 Engineering degree and 2 years experience in automated test-
 ing, instrumentation, electro-mechanical systems and data
 acquisition and control systems. Good analytical and writing
 skills as well as your inquisitive nature and interest in travel
 will be considered assets.

Facility Design Engineer
 You work with customers both in engineering studies and
 during the project execution phase to manage the integration
 of our test systems into their facility. Typical
 areas to engineer include: process cooling water, cooling
 tower capacity, HVAC systems, chillers, heat exchangers, con-
 trol valves, engine exhaust handling systems, fuel handling
 systems, test cell and building layouts. Preference will be
 given to candidates with a Mechanical Engineering degree
 and 5 years of relevant experience. Good analytical and
 writing skills and interest in travel will be considered assets.

If you are interested in joining our team at our Oakville head
 office, just off the QEW, send your resume, indicating which
 position you are applying for, to:

interautomation Inc.
 1115 North Service Road West
 Oakville, Ontario L6M 1N1
 Fax: (905) 827-8162
 Email: jobs@iainc.com

 We thank all applicants for their interest, however,
 only those under consideration will be contacted.
