# Arts, sports camps offered

Teaming up for summer programs, the Halton District School Board and The Centre have developed a pair of programs to both entertain and teach youths.

Encore, a performing arts camp, is available for students in grades 3 to OAC (grade 13). The camp runs for three weeks in July and is designed to improve vocal technique, work on choreographed dance routines, and more. Students are divided by age and taught by certified professionals. Camp attendees produce a full production.

The second program, Cyber Sports, a computer and sports camp, is offered to students in grades 3 to 7. The program combines computer knowledge with the rush of sports activity by splitting the day between the two. Cyber Sports runs for two weeks and is offered four times throughout the summer.

Both programs run weekdays from 9 a.m. to 4 p.m. with extended care available. For more information on either program call The Centre at (905) 878-1240 ext. 131.

The ORC has now completed the Environmental Study Report (ESR) that was prepared following the method outlined in the Management Board Secretariat's (MBS) Class Environment Assessment Process for ORC Realty Activities. As described in the ESR, the Ontario Government has determined that the Oakville land Assembly is not required for the government's future purposes and has directed the sale of the property.

The ORC is proposing to keep the Environmental Protection 1 and Environmental Protection 2 lands, as described in the North Oakville Natural Heritage Inventory (LGL Ltd, 1999) in public ownership and sell the remaining lands south of Highway 407, exclusive of a 60 metre strip along the south side of the Highway 407.

If, after this review period, no objections have been received, the ESR will be made final and the undertaking can proceed. If, however, significant concerns are raised or shortcomings are identified, ORC will contact the objectors. If objections are valid and it is agreed that they can be resolved by modifying the ESR, the ESR will be modified and the undertaking can proceed as modified.

If any person feels that serious environmental concerns remain unresolved, they may request the Minister of the Environment to bump-up the project to an individual environment assessment.
