### HOSPITAL

#### The Results are in!

Results from the recently released *Hospital Report 2001: Acute Care* place Halton Healthcare Services among the top hospitals in the GTA. In comparison to other teaching and community hospitals in the GTA, HHS received a four-star rating in the Patient Satisfaction portion of the survey - tied with Markham Stouffville Hospital and second only to the Hospital for Sick Children.

Our rating confirms our ongoing commitment to providing quality compassionate healthcare during these challenging times and reflects the continued support of our communities.

These results provide us with valuable information which will help us enhance patient care and direct quality improvements at Milton District Hospital and Oakville-Trafalgar Memorial Hospital.

Hospital specific results, including those of Halton Healthcare Services, are available on the following web sites: [www.cihi.ca](http://www.cihi.ca), [www.oha.com](http://www.oha.com), [www.hospitalreports.ca](http://www.hospitalreports.ca) and [www.gov.on.ca/health](http://www.gov.on.ca/health).
