Dateline is a free listing of coming events only. The column is available to local community groups to assist in promoting their future events. Only charitable or non-profit community groups may use this service. We can only guarantee one issue of publicity closest to the date of the occurrence although more insertions are possible if demand is low.

Box 248, Milton, Ont., L9T 4N9, faxed to (905) 878-4943, or e-mailed to miltone@haltonsearch.com. The final deadline is noon Friday for Tuesday's edition and noon Wednesday for Friday's edition. New guide map features CH sites

Ontario's 38 conservation authorities have published a guide map to more than 245 conservation areas located throughout the province.

The map includes locations, facilities, natural features and contact information in a large full-colour, fold-out format.

The new user-friendly guide can be used to find hundreds of conservation areas where the public can reconnect with

nature's awesome beauty.

From the magnificent 440-million-year-old Niagara Escarpment with its 200-foot limestone cliffs and sparkling waterfalls in Halton, to the incredible beauty of the World Biosphere Reserve at Long Point, Ontario conservation areas are waiting to be explored.

It's easy to find the parks with the map and corresponding road signs featuring the

big blue "C" for Ontario conservation areas.

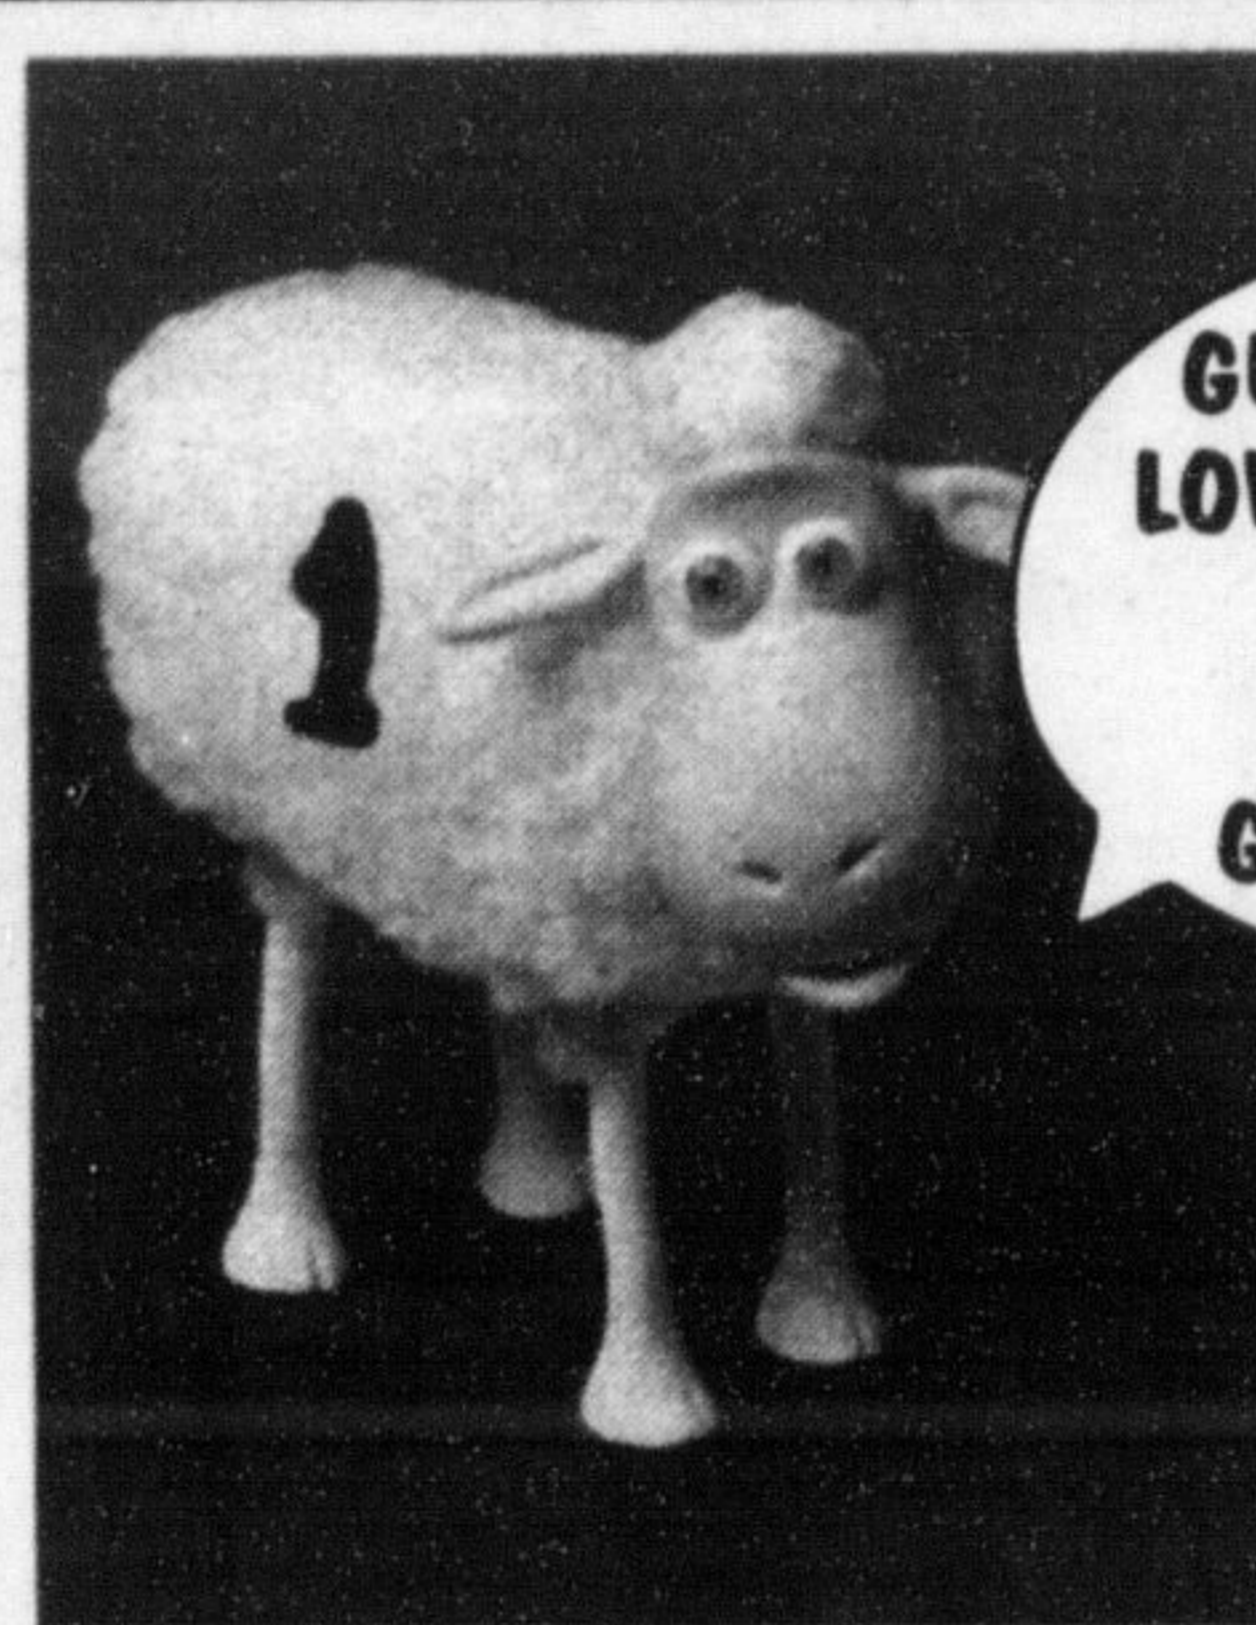

Conservation Halton (CH) parks are well represented in the guide map.

Copies are available at Crawford Lake and Mountsberg conservation areas for \$3.99.

They can also be purchased at CH's main office at 2596 Britannia Rd. W. in Burlington.
