Mail Boxes Etc. offers mail receiving services to make business easier for small business owners

MAIL BOXES ETC.
Advertorial

Saving time and money is critical to operating a small business successfully. The three Burlington MAIL BOXES ETC. business centres are dedicated to making business easier for the small office/home office (SOHO) market, offering mail receiving services to help satisfy the needs of the SOHO consumer by providing 24 hour access to their mail boxes.

Often, small business owners have to do the work of an entire staff by themselves. By renting a

mail box we can save SOHO customers a lot of time. Renting a mail box means no more waiting around for mail or package delivery. Entrepreneurs or business travelers can save time by letting the staff at MBE receive their packages from any carrier, by signing for them when they arrive. This frees up small business owners to do more important things such as making sales calls. Plus, MBE mail box holders can call the MBE centre to check on package or mail delivery.

The best part about renting a MBE mail box is that box holders are never reduced to a number. MBE mail boxes holders are assigned a street address with a suite number, not a P.O. Box, to ensure they receive letters and

packages that may not otherwise be delivered to a post office box.

No matter the size of the mail box you rent, we can receive any size package from UPS, FEDEX, CANPAR, or virtually any carrier. That means your packages and letters will be delivered and held in a secure location, even when you are not available to sign for them.

Please drop by and we will make it easy for you to start up your mail receiving service.

MAIL BOXES ETC. is a full service business service centre offering courier service, digital black and white copying, laser colour copying with digital output, fax service, business printing, rubber stamps, laminating, binding, etc., etc.
