## Take these steps to being a fire-smart family

1. Have at least two working smoke alarms in your home, and test them monthly.
2. Never remove batteries from smoke alarms for any reason except to replace them.
3. Plan two ways out of every room.
4. Practice your escape plan at least once a year. Make sure the whole family is involved.
5. In an actual emergency situation, crawl low to the ground under the smoke and keep your mouth covered.
6. Have a pre-arranged meeting place outside your home.
7. Call 911 from a neighbour's house.
8. Once outside, stay outside.
