Yard waste collection a bit behind schedule

A high volume of yard waste is causing some delays in collection, so Halton Region is enacting its contingency plan. "We are working to ensure that residents' yard waste is collected within the same week as their regular collection day," said Patrick Murphy, Halton's commissioner of planning and public works. To address the situation, additional resources have been called upon and collection has been extended to Saturdays for November. Yard waste is to be placed at the curb as regularly scheduled and it will be collected, though collection may be somewhat delayed. For information on collection dates, consult Halton's Waste Management Calendar or visit www.region.halton.on.ca/ppw/waste/
