

Milton comes through — again

Miltonians once again showed their generosity in the annual firefighters' and service clubs' Christmas food drive Saturday — donating about 16,000 pounds of non-perishable food items to help ensure every local family has a nice Christmas. Residents put bags of food on their doorsteps, which were picked up by firefighters and service club members. At left, army Captain Phill Seaborne-Davis and firefighter Bill Klemmensen unload a pick-up truck while (above) others sort through goods at the food bank.
