GRANT
In loving memory of our dear brother Terry who passed away **March 13, 1985.** Gone are the days we used to share But in our hearts you are always there. The gates of memory will never close We miss you more than anyone knows. With tender love and deep regret We who love you will never forget. **Sadly missed by Tracey, Kelly, Kerry and families.**

VAN DER GEER, Frank
In loving memory of **Frank Van der Geer** who died tragically on **March 8, 1996.** He never failed to do his best, His heart was true and tender, He lived his life for those he loved, And those he loved remember. He would not wish for sorrow Nor would he wish for tears, But just to be remembered By us throughout the years. **Always remembered with love by your family.**

We're moving to Oakville this December!

Customer Driven. Professional. Results Oriented. Supportive. Team Player.
If these words describe you, let's talk!
As part of a global family providing the world's leading real estate related financial and information services, we simplify and expedite the way real estate transactions are closed with title insurance and other innovative services. We became the global leaders by focusing on our customers' needs. Along the way, we've learned that being truly innovative means that our people have to be empowered to anticipate and respond to those needs. That's why we are committed to creating a work environment that offers challenge, purpose, and growth within a team based culture.

Coordinator, Lender Services

Using refined communication and customer service skills, you will help determine lender needs and implement new processes. Ensuring lenders are provided with appropriate information, materials, and agreements, your attention to detail and organizational abilities are integral to this role. You will liaise with a variety of internal departments regarding all required guidelines for programs, proposals, user guides, agreements, and reports. Deadline oriented, your real estate background is supported by related experience and fluency with a variety of business related software.
