RETAILING OPPORTUNITY IN CAMPBELLVILLE

An excellent business opportunity is now available to established retailers in the area of Campbellville.

The Liquor Control Board of Ontario (LCBO) is seeking a responsible, customer-focused retailer to operate an LCBO Agency Store in the area of Campbellville.

To qualify, the applicant must have an existing retail business in the community and commit to operating the store within established LCBO guidelines. To facilitate the sale of beverage alcohol products, operators will be required to enter into separate commercial agreements with the LCBO and domestic beer suppliers. The successful applicant will also be required to participate in a special LCBO server-training program to ensure the responsible sale of beverage alcohol products.

Agency store contracts are normally awarded for a five-year term.

Since 1962, the LCBO has authorized more than 100 agency stores to serve communities which have requested service but where the local population is too small to support a regular liquor or beer store. These agency stores are operated by local retailers in conjunction with their existing retailing activities.

Operating an LCBO Agency Store provides a retailer with an excellent opportunity to increase revenue and attract customers while providing local residents with beverage alcohol services. Agency stores also deliver economic benefits to the community in many cases through job creation and increased customer traffic for local merchants.

Interested applicants should write or fax for further information to:

Manager of Purchasing, LCBO
1 Yonge Street, Suite 1404
Toronto, Ontario M5E 1E5
Fax: 416-864-6853

Inquiries must be received no later than 4:00 p.m. on March 27, 2002.

The submission of formal proposals will follow.

LCBO
