

# Town council postpones firefighting agreement

A reciprocal firefighting agreement with the Guelph/Eramosa fire department has been postponed following anxiety over response times.

Councillor Barry Lee raised concern about the neighbouring fire department's geographical knowledge of north Milton at a community services committee meeting April 8.

At that time, Fire Chief Harold Penson was instructed to discuss routing plans with the Guelph/Eramosa fire chief in time for Monday's town council meeting. However, more time was granted by council for the chief to prepare a report to council.

Construction crews and utility companies

were given the green light by town council Monday to extend their hours during the Main Street re-construction project.

An exemption to the Town's noise bylaw allows crews to work between 6 a.m. and 11 p.m.

Three seats on the Local Architectural Conservation Advisory Committee (LACAC) are now reserved for local historical society representatives.

The three were granted inclusion in the committee Monday by town council.

Two seats will go to the Milton Historical Society and one seat to the Nasagiweya Historical Society.

## Council Briefs

Their inclusion stems from a request to be directly involved in issuing demolition permits for historically significant buildings. LACAC has to sign off on all projects for permit approval.

The Town of Milton and Halton Region are combining their efforts to create a community

garden at the Allendale Long Term Care Facility.

Milton council approved the project Monday, while regional council granted their approval March 27.

The speed limit on Appleby Line — between Steeles Avenue and No. 14 Sideroad — has been reduced from 80 km/h to 60 km/h for safety reasons.

Town council approved the move Monday, agreeing with a staff report indicating the reduction is necessary to improve the safety of the road.

## God is the Hero, We are His Herald

I see it all the time with people called Christian. Too many people too stressed out, too burdened down, too burnt out and too beat up. One of the major reasons this happens is because we think life is all about us. We are the centre of the universe. We manipulate and over control everything possible. And while it's important to be and do our best, God never meant for our lives to be a self-imposed stressor

cooker.

The true story in our homes, churches, businesses and neighbourhoods should be that God is the central figure of every situation - and we are called to herald the news that a hero has come. What He has done and what He is doing in the midst of our situations is the real story.

For example, in the book of Joshua, that old warrior recalled all that God

had done for his people over the years.

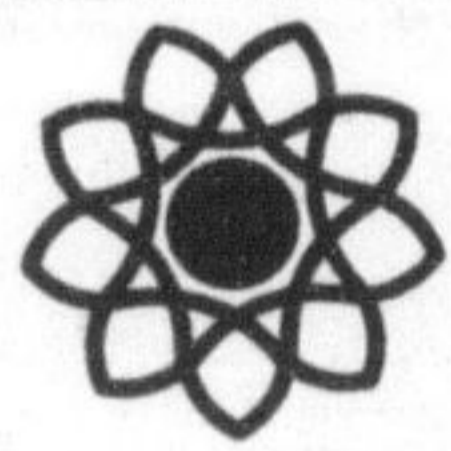

God spoke through Joshua saying, "I took your father Abraham... led him through all the land of Canaan... multiplied his descendants... I gave Jacob and Esau... to Esau I gave Mount Seir... I sent Moses and Aaron... I plagued Egypt by what I did... I brought you out... I brought your fathers out... brought you into the land... I delivered you... I gave you a land."

This Bible passage, found in Joshua 24:1-13, is incredible. Joshua recounts the entire history of the Israelites in a story in which God is the central character. God is the hero - Joshua was His herald. After hearing all that God had done, the people were motivated to move forward to see what God would do next!

So what's your story? Are giants in your backyard? Do you need a hero? It is time to invite God into the middle of your situation. Every once in a while all of us needs a hero. Someone who will walk into our hurting homes, messed up marriages, mis-managed finances, failing businesses and even our difficult church life. We need someone to step in and do the stuff that only a hero can do.

Visit one of our local churches this weekend. Consult the directory below for service times and locations. Listen to one of God's heralds. They can't be your hero, but they can tell you about the only Hero you'll ever need.
