MS kick-off

Mayor Gord Krantz (left) recently helped members of the Halton chapter of the Multiple Sclerosis Society raise the organization's flag at Town Hall to officially kick off Multiple Sclerosis Month. Joining him at the flag-raising ceremony were (from left) Laura Dutton, Katie Williams, Joan Tomblin, Cheryl Wallace, Joan Gallagher and Karen Rintamaki. The local chapter wrapped up its annual Mother's Day carnation campaign to raise funds for the disease, which randomly attacks the central nervous system affecting the control people have over their bodies.

TERRA Trends GREENHOUSES

Colour! Colour! Colour!

What could be more exciting in the garden than splashes of colour here, there and everywhere. Bright, bold colours mixed in 'look at me' combinations are what's trendy this season. Don't be afraid to make a statement by mixing your purple flowers with bright oranges and yellows or maybe try adding some hot pink flowers somewhere in the garden for a dynamic accent. Cool blues and hot pinks mixed with silver accents make for a stunning display. Remember that not all colour comes from the flower and that foliage is 'hot' especially if it is burgundy, chartreuse, variegated or silver.

Gardening is about experimentation so when choosing your plants this year try bright bold blooms and daring combinations to make your own 'look at me' garden statement.
