

# Halton Region

*A Partnership That Works!*

## WE'D LIKE TO MAKE THIS PERFECTLY CLEAR

### Milton Watermain Cleaning Program 2002

As part of Halton's ongoing watermain maintenance program, Regional staff and our contractor will be cleaning the watermains in the Town of Milton commencing the week of

**JULY 7, 2002**

**This work will continue for approximately 6 weeks.**

Halton staff will also be performing preliminary maintenance the week prior to the program start up. There may be some inconvenience to you during our operation, either when we are on your street, or even in your general area. Discoloured water is discharged during the cleaning process, and to avoid having it enter your home or place of business, please follow the steps noted below:

- Do not use water between the times indicated on your **BLUE LETTER**, which we will provide to you approximately 2 days prior to working on your street.
- When we are finished for the day on your street (times indicated in the **BLUE LETTER**) please turn on the cold water tap in your basement and let it run until the water is clear.

To keep informed of our progress, look for advertisements in this newspaper and look for our **BLUE LETTER** in your mailbox for the dates we'll be working on your street.

#### Questions?

Please call the Planning & Public Works Department at ext. 7704, 7705, or 7706 and Regional staff will be available to answer your questions and assist you.

## Halton Region - Committed To Providing Quality Care Now and In The Future

Thanks to a three year plan that focused on recruitment of paramedics and expansion of service, we have improved ambulance response times by almost a minute since we assumed responsibility for Emergency Medical Services (EMS) in August of 2000. A minute can, in some cases, make a significant difference in a patient's chance of survival. Now it is time to look to the future and the demands that will be placed on Halton Region and our ability to continue providing exceptional emergency medical services. We are currently formulating a ten-year Master Plan that will address coverage issues throughout the Region as they relate to population, age and road volume. Call our Health Department Ambulance Services Division at ext. 7111, for more information.
