GIFT OF KNOWLEDGE WINNER

The Rotary Club of Milton again made one of the biggest scholarship awards available in the North Halton Region to two graduates from Milton High Schools.

Ashley Hutchison was the big winner from Milton District High Schol. Ashley will receive \$3,000 towards her graduate studies in Gerontology at McMaster University. Ashley is a co-founder of the Anti-violence Committee at MDHS. She also volunteered at Allendale as a recreation coordinator and this experience has led to her career choice. Ashley was an outstanding candidate and a clear choice for the selection committee of Tom Dusmet, Maitland Spencer and Barb Saxby.

Emily Willoughby, also from Milton District High School, was the recipient of a \$500 award, to support her graduate studies of Forensic Science at Laurentian University. Emily is a leader in the Girl Guide movement, was also on the Anti-violence Committee at MDHS, and co-wrote the school column in the Canadian Champion.

The club is very proud of these two recipients of the Gift of Knowledge Scholarship for 2002, which recognizes outstanding leadership and volunteer activities in graduating High School students of Milton. Information regarding the scholarships is available from the guidance departments in the three High Schools in Milton, and also from committee member, Maitland Spencer, 905 510 1347.

ROTARY GOES TO BARCELONA

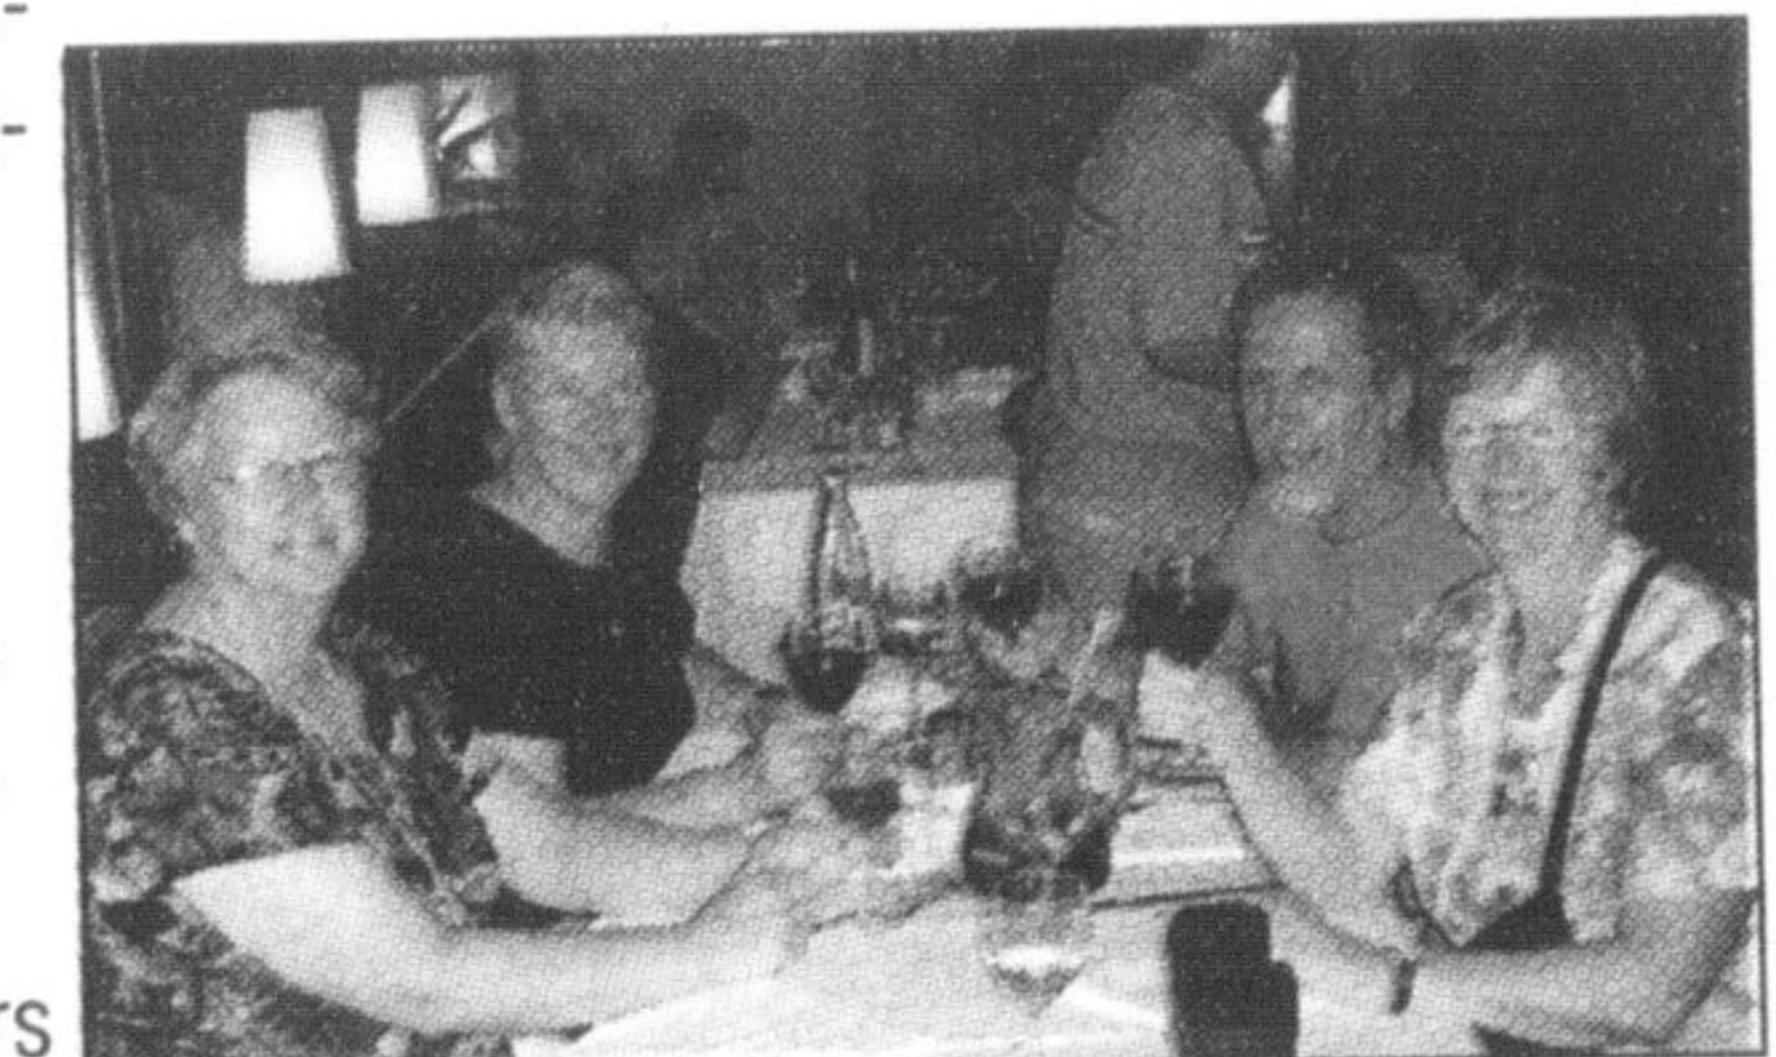

Members of the club recently had the privilege of attending a Rotary International Convention in Barcelona, Spain. 20,000 Rotarians from around the world met to be inspired by the many achievements of Rotary and to renew their commitment to International Peace and Understanding. It was truly amazing to attend the events and to see the scope of activities and initiatives undertaken by rotary volunteers throughout the world. An audio/visual presentation is being prepared to the club to share the experience.
