We're moving to Oakville this December!

Customer Driven. Professional. Results Oriented. Supportive. Team Player.
If these words describe you, let's talk!

As part of a global family providing the world's leading real estate related financial and information services, we simplify and expedite the way real estate transactions are closed with title insurance and other innovative services. We became the global leaders by focusing on our customers' needs. Along the way, we've learned that being truly innovative means that our people have to be empowered to anticipate and respond to those needs. That's why we are committed to creating a work environment that offers challenge, purpose, and growth within a team based culture.

Business Analyst

Cash Management, Finance

In this leadership and training role, you will work collaboratively with product and IT personnel to develop new launches and maintain the current finance system. You will ensure implementations are tested, assessed, and tracked to assure quality and scope and develop maintenance and quality control measurements for new systems. You have a business degree or the equivalent in work experience ideally in accounting, at minimum a CGA level 3, and strong knowledge of project management practices. The ability to translate business requirements into systems is essential as are organizational and business software skills.

Processing Clerks

Funding, Finance

You will ensure funding transactions are processed in an efficient and timely manner including all recording and account maintenance activities. Experienced at working on a funding desk, you will apply knowledge of cash management software and MS Office in a highly planned and organized manner. Your attention to detail and superior customer service skills are essential in our fast-paced and deadline oriented environment.

Accounts Receivable Clerk

Finance

You will be responsible for monitoring and maintaining detailed records of payments and daily sales and discussing means and processes to correct discrepancies within customer accounts. Optimizing superior interpersonal and problem solving skills, your strict attention to detail supports the ability to maintain open lines of communication between all involved parties. You have an excellent telephone manner, keyboarding skills, and a dedication to effective teamwork gained ideally from accounting and collection experience.

Senior Manager, Central Mortgage Operations

Managing the operations for our purchase/mortgage processing unit, you will develop operational processes, monitor service levels and efficiency, and manage and resolve customer service and delivery issues. A strategic thinker and excellent communicator, you will develop productivity improvements and measures to optimize and instill best practices in your unit as well as develop and create processes for new and existing programs ensuring seamless implementation and ongoing customer service excellence. Your 5 to 10 years' experience in mortgage lending demonstrates knowledge of mortgage administration processes. Your dedication and experience has refined your superior customer service techniques and the ability to instill leadership and teamwork on a group and individual basis. Your outstanding people management, organizational, analytical, time management, and computer skills are essential.

Customer Service Specialists

Call Centre

You will take inbound calls and provide professional customer service. You have exceptional follow-up skills and are able to optimize the resources of team members to identify and introduce our value added services. You have a solid knowledge base in real estate preferably gained through the completion of a legal assistant diploma program, excellent communication and keyboarding skills, and a strong attention to detail.
