

# Woman not seriously hurt in rural car-truck collision

A 33-year-old Flamborough woman escaped serious injury after her car crossed over the centre line and collided with a truck on Guelph Line Thursday.

According to the Halton Regional Police public safety unit, Susan Cetinski was travelling northbound on Guelph Line, north of Steeles Avenue, at about 10:40

a.m. when the front of her car struck the left side of the truck, causing both vehicles to leave the roadway.

Ms Cetinski was extricated by the Milton Fire Department and airlifted to Hamilton General Hospital. She was released the next day.

The driver of the truck, 37-year-

old Lawrence Suter of Burlington, wasn't injured.

A section of Guelph Line was closed for about five hours while police investigated the scene.

Charges are pending.

Anyone with information or who may have witnessed the accident is asked to call (905) 825-4777, ext. 5202.

# New OPP officer joins ranks of Port Credit detachment

The Port Credit OPP has a new face at the detachment.

Pervinder Sodhi was one of 86 OPP recruits who graduated Friday at the Orillia and District Agricultural Society Park.

He has been assigned to the OPP's Port Credit detachment,

which patrols Hwy. 401, east of Regional Road 25, in Milton. The Cambridge OPP patrols Hwy. 401, west of Regional Road 25 in town.

"These newest members of the OPP have demonstrated through their training that they clearly understand the nature of their

responsibility and obligation to the citizens of this great province," said Insp. Bob Bruce, provincial police academy director.

"They are prepared to serve their communities as professional provincial police officers, without compromise."

# Police seek Auxiliary officers

Halton Regional Police are looking for new community volunteers for the Auxiliary Policing Unit.

An information night will take place October 10 at 1151 Bronte Rd. in Oakville at 7 p.m.

The Auxiliary Policing Unit is

currently made up of 32 members and has been operating since 1989. The unit of volunteer members is led by an inspector and assisted by two staff sergeants and four sergeants.

Auxiliary members often assist

police officers at large size events such as fall fairs and Christmas parades and will also go on patrol with officers on busy weekend nights.

For more information, call (905) 825-4720.

# Firefighters will check your smoke detectors

The Milton Fire Department wants to ensure every home in town has a working smoke alarm.

Fire department personnel will visit every urban-area home and temporarily loan smoke alarms and batteries to those who need them.

Fire safety pamphlets will be mailed to rural homes.

Individuals will then be asked to purchase and install a smoke alarm, then return the borrowed one to the station at their earliest convenience.

## Supplies donated

The smoke alarms and batteries were donated to the fire department by Home Hardware.

"Our goal is to ensure that everyone is safe in their own home," said Chief Harold Penson.

"It is important to note that this is not a safety inspection of the home."

Fire safety pamphlets covering kitchen safety, escape planning, home safety checklists and smoke alarms will be given to all residents.

The Ontario Fire Code requires the installation of working smoke alarms in all residential properties. The alarm must be located near any sleeping areas of the home.

For more information or to arrange for a residential safety inspection, call (905) 878-9251.

# Register your firearms

Halton Regional Police want to remind the public that firearms must be registered by the end of the year.

Individuals owning shotguns, rifles and handguns must have a valid firearms licence.

All firearms must be registered by January 1.

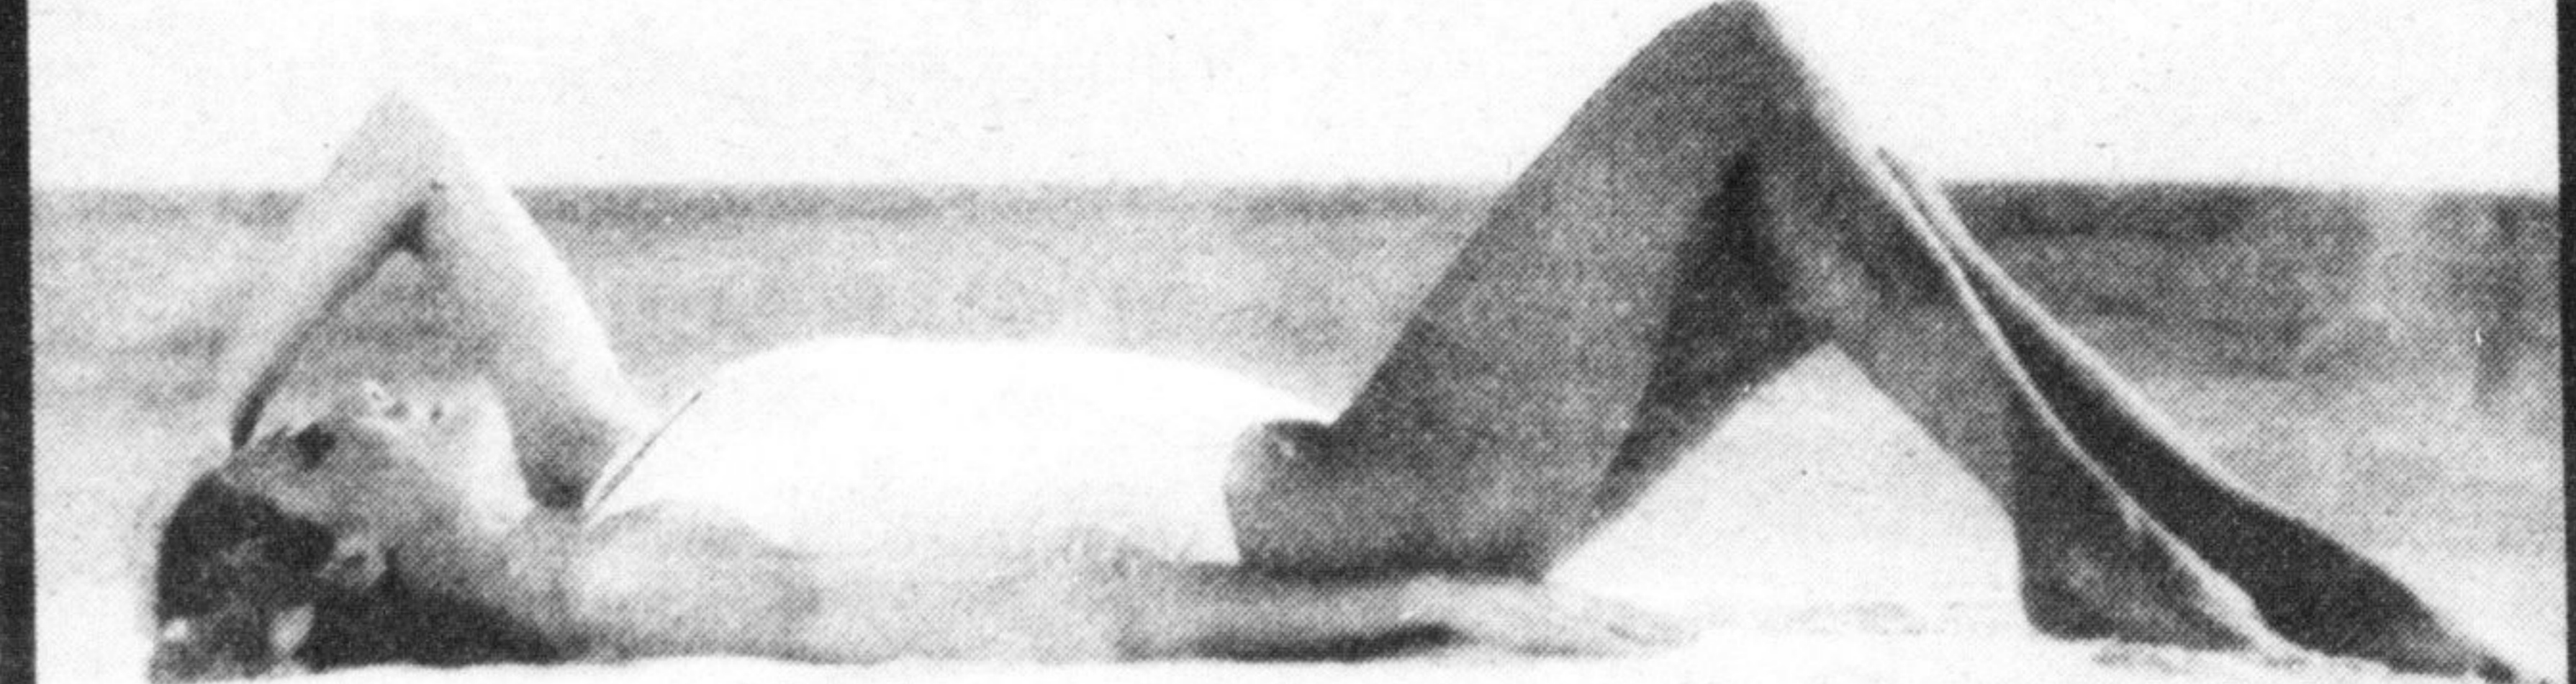

For application forms or more information, call 1-800-731-4000 or visit [www.cfc.gc.ca](http://www.cfc.gc.ca).

### Fall Perennials

Just because autumn is here doesn't mean your perennial garden is finished for the season. Fall is a great time to fill in some holes and add some fall interest to the garden. The fall perennial is the subject of this week's Terra Trend.

There are a number of great perennials for fall. Sedums, Turtle Head and Russian Sage are a few of them but the most sought after perennials for the fall garden are ornamental grasses. Grasses add a great deal of colour, structure and texture to the fall and winter garden. They are easy to maintain, most are drought tolerant and grasses are best pruned back in the spring.

Go outside and check your garden for the perfect space for a fall addition and stop by one of our garden centres this week to check out the selection of fall perennials. Remember there is still plenty of time to plant.
