Zellers has learned of a potential safety hazard with a Trim Shoppe brand Christmas stocking holder in the shape of a reindeer, sold at Zellers stores across Canada during the current Christmas season.

The reindeer's antlers may have sharp points and pose a potential cut or puncture hazard to consumers. One customer incident has been reported.

The reindeer stocking holder is made of solid metal with a silver or gold coloured finish. It has a hook designed to hold a Christmas stocking. Stocking holders were available in other seasonal shapes, however, only the reindeer shape poses this hazard.

Zellers has removed all reindeer stocking holders from its stores and urges customers to stop using them immediately and return them to any Zellers store in Canada for a full refund.

Zellers takes its commitment and responsibility to its customers seriously. Should the Company discover a problem with any product, it will take appropriate measures to ensure the matter is brought to the attention of its customers.
