Results Happen at Positive Changes Hypnosis!

Former "Diet Leader" Praises Local Hypnosis Program!

My name is Melissa Hayden. I lost 30 pounds with Positive Changes Hypnosis. I went from a size 16 to a size 8 in four short months. I am at my ideal weight and I feel great!

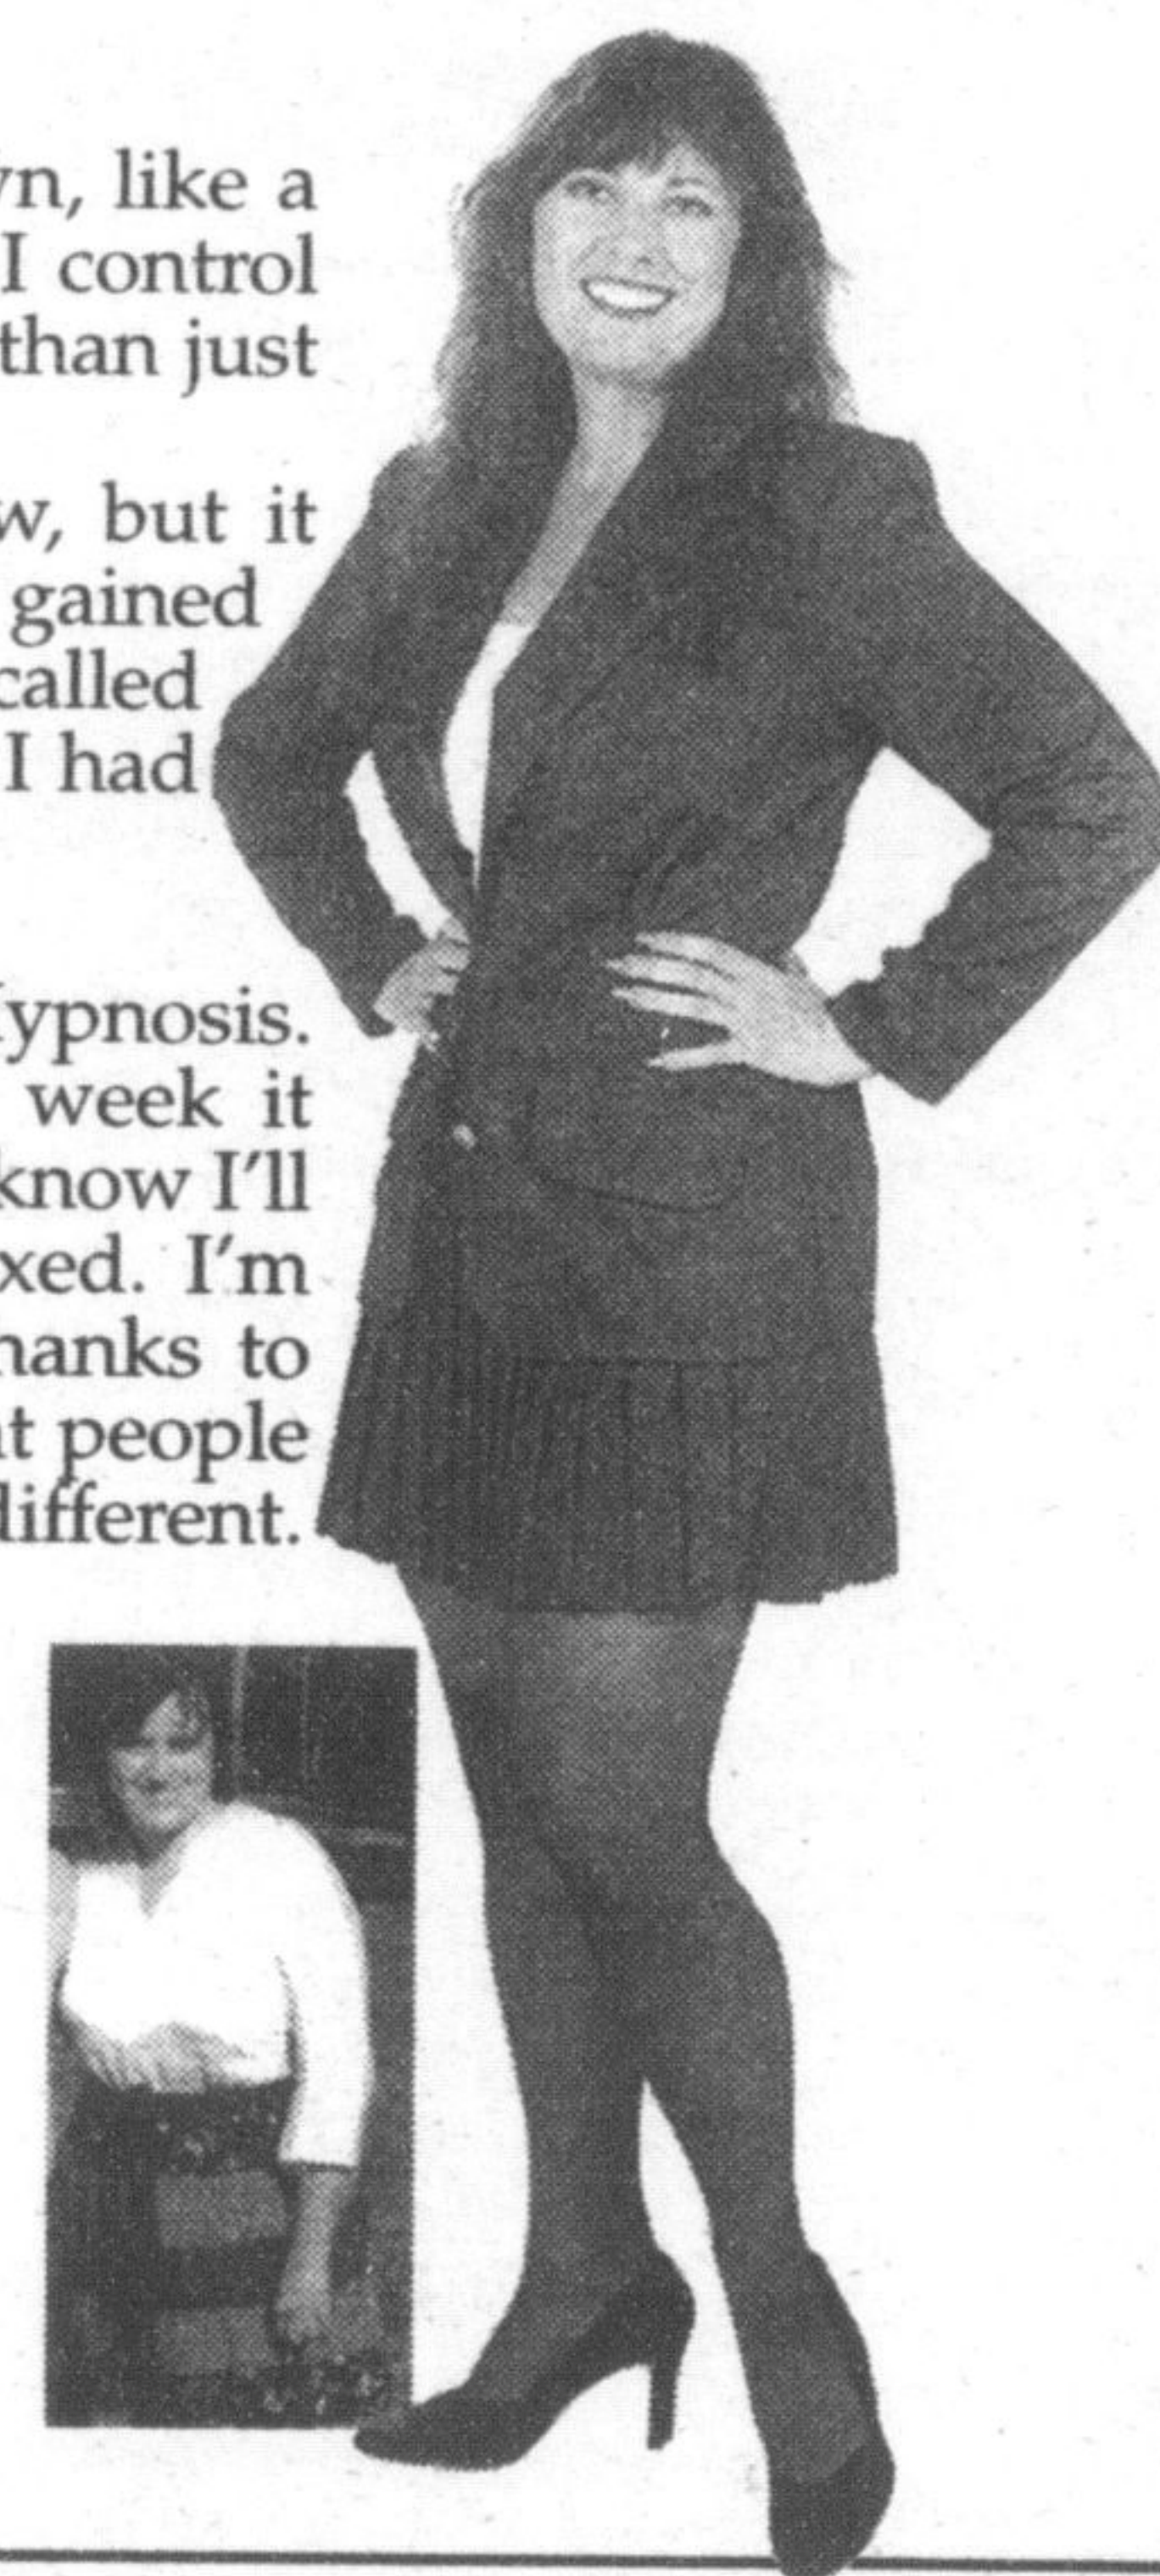

Daily Struggle

I struggled with my weight all my life. Up and down, up and down, like a yo-yo. I thought to myself, I am an intelligent woman, why can't I control something as simple as food? I knew that I was dealing with more than just weight.

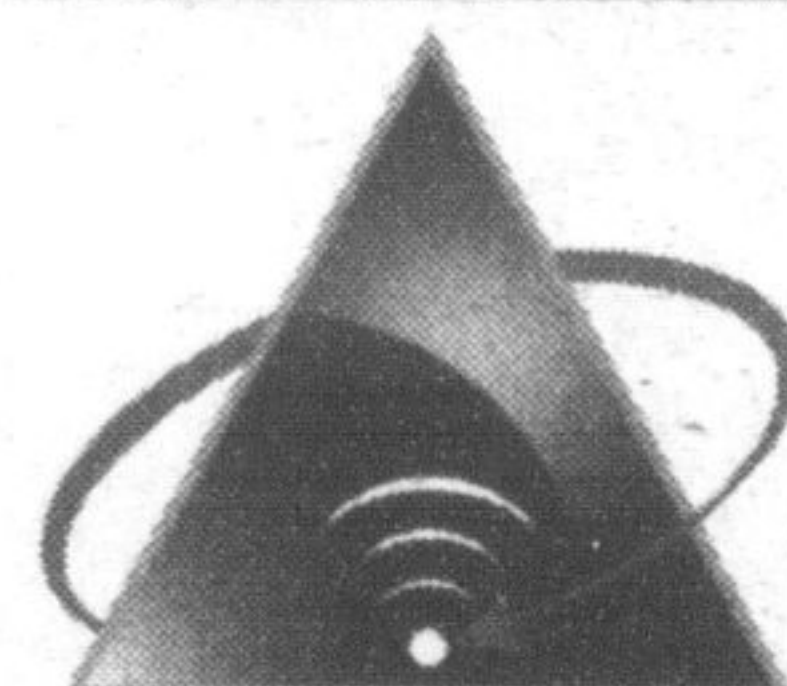

I am a former 'diet leader'. I had a lot of weight loss know-how, but it didn't motivate me. After working so hard to lose 80 pounds, I had gained back 30. I couldn't get a handle on it. I picked up the phone and called Positive Changes Hypnosis. I was skeptical, but desperate. (I wish I had done it sooner knowing what I know now!)

100% Satisfied!

I am completely satisfied with my results with Positive Changes Hypnosis. With hypnosis the changes come from the inside. After my first week it became automatic. Now that I have lost my weight with hypnosis, I know I'll never gain it back. Hypnosis makes it that simple, easy and relaxed. I'm thrilled with my improved appearance. I'm living my dreams! Thanks to Positive Changes Hypnosis, I know that I'm the best I can be. I want people who are struggling with dieting like I was to know that it can be different. Hypnosis made all the difference for me. I recommend Positive Changes Hypnosis to anyone who wants to lose weight. But I would add a warning label to it that says, be prepared to have other positive changes happen in your life!
