

Knox church welcomes new minister Rev. Gray

Friends of Knox Presbyterian Church will have noticed a new face around the church lately.

Reverend Joseph Gray was inducted and welcomed into the church in a ceremony and worship service held Sunday.

For the past two years, Rev. Gray was the Mission Branch Director of Chosen People Ministries and has been preaching and teaching in churches all over the United States and Canada.

He said he's looking forward to serving the people of Milton.

"I'm so excited about the positive spirit of the people here at Knox, and about getting to know the community of Knox and

Milton," Rev. Gray said.

Rev. Gray is an ordained minister with 13 years of experience in the United States and Canada. He graduated from Boston University with a Bachelor of Arts, and from Princeton Theological Seminary with a Master of Divinity degree. He was ordained as a minister in 1989.

Rev. Gray and his wife, Beth, have two children—Jessica, 21, and Sarah, 17. Rev. Gray currently lives in Kitchener with his family, but plans to move to Milton after Sarah graduates from high school in June.

Knox Presbyterian Church is located at 170 Main St. E.

Group's new chapter enjoys first donation; \$500 received

Halton and Peel's new chapter of the Muscular Dystrophy Association of Canada (MDAC) received its first donation last week.

The \$500 donation from Harvey Freedman of the Solel Brotherhood of Mississauga will be put toward the purchase of a wheelchair within the Halton and Peel regions.

The money was raised through the collection of 1,000 pounds of pop tabs. Individuals and groups collected the pull tabs and gave them to Mr. Freedman who then turned them in for money for people who can't afford wheelchairs.

"MDAC is very privileged and thankful to be chosen as the recipient of the funds raised by this enthusiastic group. Their support and commitment will help us make a difference in the lives of so many people in Halton and Peel Region," said Frank Prospero, MDAC Corporate and Community Development Co-ordinator for Ontario/Nunavut.

Group formed in 1954

In 1954, a group of parents founded the MDAC to assist Canadians who were affected with various neuromuscular disorders.

With the ongoing commitment from volunteers such as Mr. Freedman, the association assists clients, both children and adults, with funding for equipment and educational support.

The MDAC also provides researchers with the opportunity to continue the search for the cause and cure for more than 100 neuromuscular disorders.

What will you do with the money you save?

TDI Manual L/100 km

5.6 **4.4**
City Highway

Along with improvements in diesel science that include quieter engines and more power, Volkswagen's advanced TDI engine can cover more than 1,000 kilometres on a single tank of fuel.
