## Student excellence honoured

*Eleven Milton students recognized*

Eleven students representing Milton's public elementary and high schools were honoured May 8 at the 19th annual Celebration of Student Excellence along with 75 other Halton students.

The students from each of Halton's 86 schools were representative of exceptional qualities in at least two of the following areas: academic, vocational and athletic fields, self-improvement, community work, citizenship and student leadership, or specific criteria that reflects the school's unique priorities.

"Our student excellence evening recognizes the outstanding achievements of the young people in our schools today," said Halton District School Board Chair Ethel Gardiner.

"Parents, teachers and community members all contribute to helping these students receive the quality of education they deserve. It is important to recognize that we have the future of our communities in our public schools today."

The Milton-area winners were: Danielle Soderholm of Brookville Public School, Aru Sharma of E.W. Foster Public School, Andrew Boivin of J.M. Denyes Public School, Leah Fast of Martin Street Public School, Sabrina McCallum of Percy W. Merry Public School, Morgan Robertson of Robert Baldwin Public School, Vanessa Nickel of Sam Sherratt Public School, Greg Cooper of W.I.
