## Students win medals in skills competition

Milton students took home silver and bronze medals at this year's Ontario Technological Skills Competition, a provincial competition, held in Waterloo recently.

Elementary students from grades 4 to 8 of the Halton District School Board competed in areas such as the technology challenge and the Lego robotics challenge, while secondary school students competed in TV/video production, cabinet making, landscape gardening, auto collision repair, precision machining, restaurant services, baking and floristry.

In the grades 7 to 8 robotics competition, students Caitlin Brown, Jeff Black, Daniel Stepler and Sarah Broeze of Sam Sherratt Public School received a silver medal.

And in the secondary school competition, Tracie Harburn from E.C. Drury High School took home a bronze medal in the graphic design competition.

"We offer our congratulations to all competitors in the Ontario Technological Skills Competition, and wish the students continued success as they go on to the national competition," said Ethel Gardiner, chair of the Halton District School Board.

The awards will be presented at a special ceremony tomorrow at 8 p.m. at the JW Singleton Education Centre, 2050 Guelph Line, in Burlington.

## Percy Merry open house on Saturday

Staff, students — past and present — and parents must say goodbye to Percy W. Merry School, which will be closing at the end of this school year.

To mark its 45 years of serving rural Milton, a Community Open House will be held Saturday from 8:30 to 11:30 a.m., with a formal ceremony at 10 a.m. A light breakfast will be served throughout the morning. It will be the final opportunity for the entire Percy Merry community — staff, students, neighbours and friends — to renew acquaintances and rekindle friendships.

There will be no organized activities for the younger children at the event.

as we grow...
