BIG GOD

Two middle-aged men went fishing. One was an experienced fisherman, the other one was not.

Every time the experienced fisherman caught a big fish, he put it in the live well, complete with aerator, to keep it fresh. He offered the same privilege to his novice fisherman friend.

They had a great day and caught many fish of various sizes. A peculiar pattern was noticed by the experienced fisherman that roused his curiosity: *Whenever the inexperienced fisherman caught a big fish, he threw it back. However, he kept the small fish!*

The experienced fisherman watched this go on all day and finally got frustrated with watching his friend keep the little fish and discard the large ones.

Sensing that the man's practice was not about catch-and-release, and recognizing that the inexperienced fisherman was not a conservationist, he asked: "Why do you keep throwing back all the big fish you catch and keep only the little ones?"

The inexperienced fisherman replied, "I only have a small frying pan."

Sometimes, like that novice fisherman, we throw back the big plans, big dreams, big jobs, big opportunities that God gives us. Our faith is too small.

We laugh at that fisherman who didn't figure out that all he needed was a bigger frying pan, yet how ready are we to increase the size of our faith?

Whether it's a problem or a possibility, God will never give you

anything bigger than you can handle. That means we can confidently walk into anything God brings our way.

Whether we are labourers, professional, homemakers or students, we must realize - God has a wonderful plan for our lives and desires to prosper us and give us hope for tomorrow!

The Bible reminds us that we can do all things through Christ (Philippians 4:13) Nothing is too big for God! We must stop telling God about our big problems and start telling our problems about our BIG GOD!

To find out more about how a winning attitude and biblical perspective can help you live your life to the max, visit a church near you this week! Service times and locations are published in the

directory below.
