### HOSPITAL

#### Congratulations HHS On a Job Well Done!

In June of 2003, Halton Healthcare Services participated in an Accreditation survey conducted by a team appointed by the Canadian Council on Health Services Accreditation (CCHSA). Accreditation is a voluntary process whereby the hospital invites the CCHSA to evaluate the quality of care and services at HHS using national standards of care.

The Accreditation Report findings are in and the news is excellent! Once again, Halton Healthcare Services has been awarded full Accreditation status.

The Surveyors wrote: *This is a dynamic organization committed to excellence in patient care. Due to its ability to identify strengths and opportunities for improvement, the principles and philosophy of Accreditation have been incorporated into the daily operations. This organization is a role model for healthcare organizations in Canada.*

The Accreditation Report findings are in and the news is excellent! Once again, Halton Healthcare Services has been awarded full Accreditation status.
