New mother says she's happy she gave birth at local hospital

• from MARKO on page 1

where anytime soon," said the first-time mom.

When the surprise subsided, Ms Sikic said she felt honoured to have given birth to Milton's New Year's baby. And she recognizes the benefits little Marko will likely have in school, always being the oldest in his class.

"People always said it's good to have the baby in January and not December," Ms Sikic said, noting she knows what it's like

to be one of the youngest kids in the class, with an October birthday.

"Most NHLers are born in January, February or March, so it makes his dad happy," she said, laughing.

As someone who has lived in Milton since the age of six months, Ms Sikic said she always knew she wanted to give birth here.

And the hospital staff was "wonderful," she said.

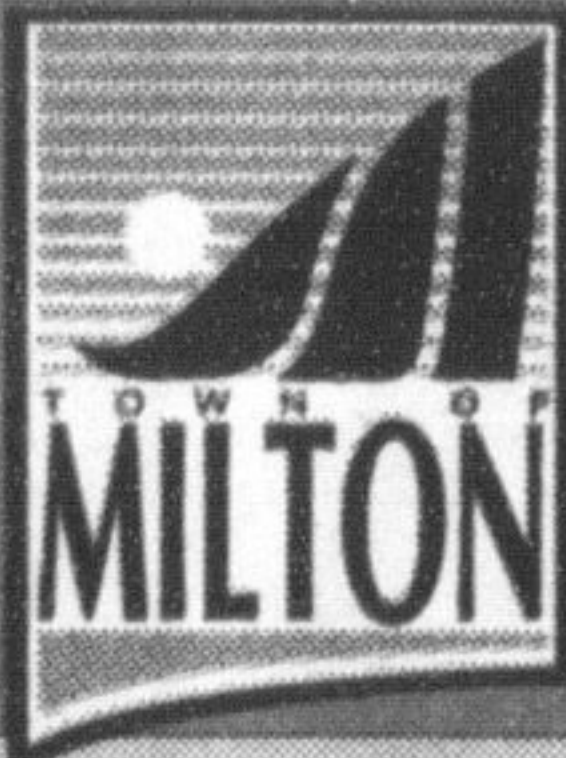

"I couldn't ask for a better experience. I

was so lucky to give birth here in Milton," she said.

The whole ordeal was "pretty awesome" said the new dad, who was joking a few days earlier about the possibility of the baby being born on Elvis Presley's birthday, January 8.

"But the New Year's thing is better," Mr. Sikic said.
