HOSPITAL

Halton Physician Appreciation Week

Halton physicians are being recognized for their significant contribution to the health and well-being of our communities during **Physician Appreciation Week - May 17th to 23rd, 2004**. At Halton Healthcare Services (HHS), we would like to take this opportunity to recognize the efforts of all our physicians and to pay tribute to their dedication to community health. What a great time to show your appreciation to the doctors who care for you and your family! Take a moment to say "Thank You."

Volunteers Grow Community

Volunteers Grow Community, the theme of this year's National Volunteer Appreciation Week, truly reflects the history of our community hospital. Our volunteers at MDH helped build, equip and grow our hospital into the innovative, caring community hospital it is today. During Volunteer Appreciation Week, April 18th to 24th, we took the time to say thanks to these wonderful men, women and youth. *They are a major part of the MDH Tree of Life!*

Nursing Week 2004

In celebration of **National Nursing Week, May 10th to 16th**, Halton Healthcare Services would like to take the time to acknowledge the achievements of the many nursing professionals who devote their time and effort to providing quality patient care. Please join us in saluting our extraordinary nursing staff. All nursing staff including retired nurses are invited to a **Special Tea on Thursday May 13th from 2:00 to 4:00 pm in the MDH Cafeteria**. We hope you can join us!
