

Bulk Bag Soil - More Popular than ever.

Convenience. That's what makes Bulk Bag Soil so popular these days. It's so easy to get GreenThumb™ Black Garden Soil delivered right to your home with one simple phone call. In fact, you don't even need to be home.

1. Simply call to book a delivery date.
2. Mark an X on your driveway or where ever you want the bag placed on the day of delivery. Be sure the area is 4' x 4' and is accessible by car (excluding garages, car ports and overhangs). If you can drive your car to it we can most likely place it right where you want it. The "X" can be chalk or broom sticks or any thing that's handy.

Once again we have just received our bag of soil "great Mother's day gift"!! Third year in a row now – completely satisfied with service and delivery as usual! The Barkers!
John Barker

Hello, just to let you know I get a bag of soil every year and enjoy the convenience of your product. There is no mess for me to clean up and I can use the bag of soil at my leisure and need. I only have to close the bag up until I need more soil for another gardening project. There is nothing like it. In addition to that when the driver delivers it, I can be reassured that he is going to place it exactly where I want it. Thanks for making my gardening a lot more pleasurable!
Terry Melko

Thanks for offering the soil in bulk bags. Now I can get my husband interested in gardening since he doesn't have to do all the work in one day since he can't stand to see dirt all over his precious driveway.
Pam Taylor

I have used your giant bags service in the past and have just placed my order for this year. I will be trying out your fertilizer this year. The topsoil was the best I've seen. It is a great service.
Diane Low

Great black garden soil...super delivery!! Never a problem.
Irene Jensen

I'm looking forward to the large bulk bag since in the past I have taken several trips to purchase smaller individual bags of both soil and sheep manure.
Angela Monaco

Third year of purchase of garden soil – very satisfied with the product and the service.

Bought product last year for last home and loved it! It was very handy having all that soil delivered at once, no more hassle with small bags.
