Taylor Nursery—Your Town and Country Gardening Centre

Set in the countryside, just a couple of minutes east of Milton at the end of Main Street, Taylor Nursery is known as Your Town and Country Gardening Centre. The atmosphere is easy-going, friendly, knowledgeable—and of course, colourful! This family-owned and operated business which has been serving Milton for 29 years, prides itself on being a complete service gardening centre.

Taylor Nursery has everything you need for your garden and yard—from soils and mulch; to annuals, perennials, hanging baskets and container gardens; shrubs and trees. But they also have a lot of 'out of the ordinary' ideas for your outside home décor. Have you ever thought of using 'collectibles' like an old mail box or an urn, a tin watering can or a wooden trough to plant an eye-catching display of flowers? How about an old workboot? Barbara Lawton and her staff have a host of novel ideas to make your plantings a real conversation focal point. Taylor's Nursery also specializes in water gardens and stocks all the elements to create your own water feature in your patio or yard.

Looking for mulch, soil or stone for your yard? Taylor's can advise you on the right products to fill your need and they will deliver if you prefer. They also provide creative landscape design and installation and quality Grounds Maintenance.

Taylor Nursery's gift shop is a great place to find that out-of-the-ordinary item for home or garden décor from April right through to Christmas when the store is filled with seasonal decorations and gift ideas.

What really keeps people coming back again and again to Taylor's is the helpful, experienced advice that is free for the asking. Looking for some ideas? Starting from scratch? Having problems getting your plants to grow? The people at Taylor's, including their certified horticulturalist, can help. From now until June 19th, they also have free seminars every Saturday morning from 10-11am, except May 29th when many of their staff will be busy answering customers' questions at the Taylor Nursery booth at Showcase Milton.
