Grandma's Cake

At our church, we have an active children's ministry. We love to use object lessons to help kids catch key concepts. These pictures remind them of the Bible lessons being taught. Jesus Himself used visual illustrations and parables to communicate poignant truths.

But life's object lessons are not only shared in church settings. They can be found all around us - if we are looking. As we seek to help kids understand how our world works, let's keep our eyes open to the lessons right before us!

Consider one such lesson that illustrates

the truth of Romans 8:28 which states: *And we know that all things work together for good, to them that love the Lord and who are called in accordance with His purpose...*

A little boy is telling his Grandma how "everything" is going wrong. School problems, family problems, health problems, friend problems, etc...

Meanwhile, Grandma is baking a cake. She asks her grandson if he would like a snack, which of course he does.

"Here, have some cooking oil."

"Yuck!" says the boy.

"How about a couple of raw eggs?"

"Gross, Grandma!"

"Would you like some flour then? Or maybe some baking soda?"

"Grandma, those are all yucky!"

To which Grandma replies: "Yes, all those things seem bad all by themselves. But when they are put together in the right way, they make a wonderfully delicious cake! God works the same way. Many times we wonder why he would let us go through such bad and difficult times. But God knows that when He puts these things all in His order, they always work for good! We

just have to trust Him and, eventually, they will all make something wonderful!"

Did you catch the truth of the lesson? Simple. Powerful. Unforgettable.

Learn more about God. Help your kids establish a strong moral foundation for their lives and provide them with a roadmap to successful living. Visit a local church this week. Service times and locations are published the Religious Directory below.

Submitted by Rev. Dan Rogge, Senior Pastor of New Life Church, Milton.
