# Worker suffers facial burns after propane tank explodes

*Despite his burns, injured man puts out fire with garden hose*

A worker whose face was burnt in a fire prevented a bad situation from becoming even worse with his quick thinking, fire personnel said.

Last Tuesday at about 1:30 p.m., a contractor was renovating the living room of a Trafalgar Road house just south of Britannia Road when

a small propane container exploded, said Milton Fire Department training technician Barry Kory.

Burns to his face didn't prevent the man from running to the backyard where he grabbed a garden hose, broke the living room window and doused the fire, Mr. Kory said.

"That probably went a long way to getting the fire down," Mr. Kory said. "It could have been a lot worse."

Within minutes fire crews arrived and finished extinguishing the fire, he said.

The man was transported to Milton District Hospital where he was treated for burns.

Although there was extensive smoke damage throughout the home, fire damage was minimal.

# Preserving downtown core topic of upcoming meeting

Preserving history — that will be the item of interest at a public meeting hosted next Tuesday by the Town of Milton and Heritage Milton.

The meeting, entitled 'Strengthening Downtown Milton Through Historic Preservation', will take place from 7 to 9 p.m. at Hugh Foster Hall, next to Town Hall, at 43 Brown St.

Mayor Gord Krantz will offer opening remarks, to be followed by Mel Iovio, the Town's director of planning and developing, who will discuss heritage and Milton's next official plan.

The director of planning of the Town of Niagara-on-the-Lake will address the making of Niagara-on-the-Lake and other similar downtown cores.

Lastly, Jim Watson, a Milton building owner and former town councillor, will talk about the Thompson Hotel and the importance of investing in downtown Milton properties.

The meeting will close with a question-and-answer period and a time to share ideas.

To reserve a seat, call Chris Lupis at (905) 878-7252, ext. 2305.

# SMOKING what's the point?

Someday, you'll be offered a cigarette or be tempted to smoke.

Before you start, think about it: every drag you take screws up your body.

Smoking can cause permanent damage to your body. Once a person starts, it becomes extremely tough to quit. And did we mention all that cash you'll be blowing in the process?

So, if you're tempted to start, ask yourself, "What's the point?"

This message brought to you by:
