WELCOME TO NIAGARA'S WINE COUNTRY

Every September, Ontario grape growers, wine makers and wine enthusiasts celebrate the harvest of grapes at the Niagara Wine Festival.

This is a time of excitement and anticipation as growers bring in the highly anticipated 2004 vintage of Ontario wine.

The Niagara Peninsula is recognized globally as an outstanding wine producing region.

Its soils are excellent and the climate is similar to that of the great wine producing regions of the world including Burgundy, the Loire Valley, Oregon and New Zealand.

The two great lakes moderate temperatures ensuring the cool springs and long autumns that are ideal for growing grapes.

Join our "Wine Country" celebration of Niagara's internationally acclaimed grape, wine and culinary industries for 10 glorious days in September.

More than 100 events including

the winery tours and tastings, concerts, Niagara cuisine, artisan shows, wine seminars, family entertainment and one of Canada's largest parades.

When sampling the new wines from the 2002 and 2003 harvests bring your enthusiasm and a taste for adventure as these special vintages promise not to disappoint.

We're sure you'll fall in love with the Wines of Ontario while you explore the Niagara Wine Route.
