We thought of you with love today.
But that is nothing new.
We thought about you yesterday,
and days before that too.
We think of you in silence.
We often speak your name.
Now all we have is memories.
And your picture in a frame.
Your memory is our keepsake.
With which we'll never part.
God has you in his keeping.
We have you in our heart.

We miss you

TAMMY BAKER
April 18, 1966 - September 20, 2003

God looked around His Garden and found an empty place.
He then looked down upon this earth and saw your loving face.
He put His arms around you and lifted you to rest.
His Garden must be beautiful, He always takes the best.
He knew that you were suffering, He knew you were in pain.
He knew that you would never get well on earth again.
He saw your path was difficult, He closed your tired eyes.
He whispered to you "Peace be Thine" and gave you wings to fly.
When we saw you sleeping so calm and free of pain,
We would not wish you back on earth to suffer once again.
You've left us precious memories, your love will be our guide.
You live on through your family, you're always by our side.
It broke our hearts to lose you, but you did not go alone.
For part of us went with you on the day He called you home.

Love Joshua, Amanda, Mike, Mom and Dad, Brad, Bev, Brian, Brayden, Greg, Tonga, Keon, and Mallory

In Memory of Bert Churchill
March 12, 1928 - September 16, 1994

Thanks Dad for your sense of humour. You were always ready with a quick line at the best moments to make everyone laugh. You loved to tease and kibitz, whether it was Mom, us kids or family or friends or the cats. You really proved right to the end that laughter is the best medicine.

Thanks Dad for your love of games. You didn't care if you won or lost, just so long as you got the other team riled up. Playing games, whether it's cards or horseshoes won't be the same without you, but we'll do our best to carry on your mischievous manner.

Thanks Dad for your strong work ethic. You taught us by actions alone, that hard work and determination pay off in the long run. As children, we were never aware of the difficulties, as you struggled with more than one job at a time, in order to provide for your family, not only all they needed, but also all they could want.

Thanks Dad for your giving nature. You never thought twice about lending a helping hand and were always there when we needed you. If we are able to continue on with your ways and instill even part of your character in our children, your grandchildren, then the world will be a better place.

Thanks Dad for your sweet tooth. You gave us all the ability to be connoisseurs of the best part of every meal. Thank God Mom lived up to our expectations in her cooking. We'll never eat another sundae without thinking you're about to snatch the cherry off the top.

Thanks Dad for your gift of making everyone feel welcome. You had a knack of making people comfortable as soon as they walked in the door. Opening your home and your arms was second nature to you. No one left your presence without the knowledge that they would be welcomed by you again.

Thanks Dad for being selfless. You always thought of others before yourself and never let us know when you were feeling blue. We'll never really know how much pain you were in, because all you worried about was how we were all feeling. We are all so proud of the willpower and strength that you showed us all during the last couple of months. It was a gift very cherished by us all and it will remain with us and guide us through the hard times of our lives.

Last but not least, Thanks Dad, for the memories. We'll think of you every time we walk into the house and see your chair where you loved to sit and watch the world go by. We'll think of you every time we see a flock of geese or a skunk with her babies. We'll think of you as we play with our children and our cats. We'll think of you when the Leafs carry home the Cup. We'll think of you when we work in our gardens. We'll think of you...

Love from your family
