Big winner

Royal Bank of Canada representatives (from left) Jennifer Mollison, Melissa Steadman and Melora Parker present grand-prize winner Simon Granat and his grandfather Bruce Rothwell of Milton with their winnings from the Take-A-Kid-To-The-Course event, held recently at Millgrove's Pinelands Golf Club in conjunction with the National Golf Club Owners Association (NGCOA). Also pictured are club owners Ted and Marilyn Clark and Katherine Nelson of the NGCOA. The prize included a deluxe golf package at Taboo Golf Resort, the home course of Mike Weir.

Better Health Care for Canadians: A 10-year plan

Working together, the Prime Minister, Premiers and Territorial leaders have signed a 10-year plan, supported by \$41 billion in new federal funding, that will lead to better health care for Canadians.

Better Health Care

- Reduce waiting times**
 - Improve access so that Canadians don't wait as long for key tests, treatments and surgeries
- More Doctors, Nurses and other Health Professionals**
 - Plans to train and hire more health professionals while also developing faster accreditation for foreign-trained health professionals
- Expand home care**
 - Provide better support for people being cared for or recovering at home
- Improve access to family and community care**
 - Increase 24/7 access to doctors, nurses and other health professionals
- Better Access to Needed Medicines**
 - A commitment to manage drug costs and ensure that no family is forced to choose between needed medicines and financial ruin
- Improved Aboriginal Health**
 - New investments and better planning to close the gap between Aboriginals and other Canadians in terms of health

Shorter Waiting Times

The federal, provincial and territorial governments have committed to report clearly on the progress we are making in health care and, for the first time will report on progress in reducing waiting times.

- Comparable indicators ... so we can measure**
 - Federal, provincial and territorial governments will use comparable information to report their progress in improving access to doctors, and to diagnostic and treatment procedures
- Benchmarks ... so we know what we are striving for**
 - Federal, provincial and territorial governments will set medically acceptable waiting times – based on advice from medical experts – starting with cancer, heart disease, diagnostic imaging, joint replacement, and sight restoration
- Targets ... to drive change**
 - Provincial and territorial governments will set their own targets and report annually to citizens on progress in reducing waiting times

Canadians will see for themselves where their health care money is going and how it is making a difference.
