Discovering Downtown
Milton
Milton's Only Lighting Showroom
at Bergsma's Home Décor

Since opening in Milton in 1985, Bergsma's Home Décor has become known in the Milton area for its innovative approach to the retail home decorating business. After gaining years of experience and training from their father George Bergsma, brothers Jeff and Peter have developed a leading edge, 6000 sq. ft. décor centre offering the latest in paint, wallpaper, window treatments, commercial coatings and design consultation. The store located in historic Downtown Milton has been completely restored and renovated exposing the beautiful wood plank flooring and the original brick walls.

In the fall of 2002, Bergsma's Home Décor introduced Main Street Lighting. This was a logical next step to add to their home décor business. Knowing that many of their customers would be seeking lighting to complement their new or enhanced décor, it only made sense to cater to their needs. Main Street Lighting offers a full selection of lighting for every room in your home, from classic to innovative – and outdoor lighting fixtures too! The Bergsmas have selected lamps and fixtures from the best suppliers in North America and beyond. Lighting is displayed in their large showroom in groups of families. This allows for easy viewing of each co-ordinating piece to create a consistent look throughout your home. The importance of proper lighting goes beyond bringing out the accurate colours in your home it also creates a special ambiance in each room. Friendly, knowledgeable staff can explain how to design lighting

Back: Kelly & Peter
Front L to R: Trish, Margaret, Sara & Jeff

schemes inside and outside your home as well as how to install fixtures and controls to create just the right lighting. Dramatic, intimate, relaxed, formal and functional, are just some of the moods you could consider.

Bergsma's Home Décor is also the home of a one-of-a-kind paint product titled C2. The C2 brand is a high quality paint manufactured using more pigments and resins than any other paint made in North America. This unique formulation not only gives the colour palette added complexity but allows for easier application, even coverage, durability and UV and fade-resistance.

Innovation has been the key to Bergsma's success by constantly expanding the range of products to anticipate the needs of their customers. They have raised the bar in retail when it comes to home décor. The store surroundings reflect what they are all about –

Welcoming, Inspiring and Enlightening.

Come stroll through Bergsma's Home Décor, take your time to get new decorating ideas and chat with our friendly, knowledgeable staff.
