NOTICE OF STUDY COMPLETION

Steeles Avenue (Regional Road 8) Improvements Town of Halton Hills Class Environmental Assessment Study

The Regional Municipality of Halton has undertaken a Class Environmental Assessment to consider a wide range of options to satisfy future travel demands on Steeles Avenue (Regional Road 8), from Trafalgar Road (Regional Road 3) easterly to Winston Churchill Boulevard (Regional Road 19), in the Town of Halton Hills. A number of road improvement alternatives were examined as part of the study including widening the road, new road alignments, and improvements to driveways and intersections, among other alternatives.

The study was completed in compliance with Schedule C of the Municipal Engineers Association Municipal Class Environmental Assessment (June 2000). The Environmental Study Report (ESR) was prepared to document the planning and decision making processes that were followed. As documented therein, the Preliminary Preferred Design includes the widening of Steeles Avenue (Regional Road 8) from two to four lanes, introduction of a centre turn lane and medians along various sections of the roadway,

By this Notice, the ESR is being placed on public record for a 30-day review period in accordance with the requirements of the Municipal Class EA. Subject to comments received as a result of this Notice and the receipt of necessary approvals, the Region intends to proceed with the detailed design and construction of Steeles Avenue (Regional Road 8) between Trafalgar Road (Regional Road 3) and Winston Churchill Boulevard (Regional Road 19).

The Environmental Study Report is available for review at the following locations:
