With deals this good, customers tend to get a little enthusiastic. It's no wonder because every one of our cars is carefully selected and must pass our 110-point mechanical, appearance and detail inspection before it ever goes on the lot. If it fails, we won't sell it. We back that up with a 30-day or 2500 km exchange policy, a 6-month or 10,000 km powertrain warranty and a 30-day mechanical warranty. And we put it in writing. So relax. There are enough cars and deals for everyone until the end of January.

Council passes user fees

By MELANIE HENNESSEY
The Champion

A last-minute bid by Ward 3 Councillor Jan Mowbray to have community service user fees, like baseball diamond rentals, put off for three months proved unsuccessful at Monday night's Milton council meeting.

Jan Mowbray

Town council adopted all updated user fees for everything from burn permits and sports field rentals to dogs tags and aggregate extraction applications.

Ms Mowbray took issue with ballpark user fees, which are going from a per-team fee to an hourly rate.

"For the very little kids — the grasshoppers and the t-balls — an hour and a half of play will work out cheaper, but for the older kids, however, more field time is required," she said. "This is where the user fee schedule is flawed."

Community Services Director Jennifer Reynolds said staff were very careful when preparing the user fees to look at the impact on the end user.

Council also heard from a few residents on the issue, like Brookville Minor Baseball Treasurer Allane Andrusko.

She said while she doesn't oppose user fees for sports like hockey, she feels user fees limit individuals like single parents and low-income families from being able to take part in baseball and soccer, which are traditionally low-cost.

"Please re-look at this issue and allow more time and more input," she said. "It is the prudent and proper action to take."

Ms Mowbray also said the public consultation process on these fees left a lot to be desired, noting very short notice was given to sports groups to participate in a meeting last month.

"To say the very least, the process has been rushed," she said. "The parents need a chance to be consulted."

She then put forward a motion for the community services user fee bylaw to be delayed for 90 days. But nobody would second the motion, so it failed.

"A 90-day delay I think would be very difficult to manage," said Ward 3 Councillor Cindy Lunau.

She added perhaps council and staff should seriously consider a shift of philosophy in user fees. She suggested looking at the viability of removing administration and indirect costs for youth and not-for-profit groups.

Council, with the exception of Ms Mowbray, voted in favour of the community services fees.

Other user fees approved by council include \$25 for a burn permit, which used to be free, and \$43 for the annual renewal of a dog tag for spayed or neutered canines, up from last year's \$32.

New dog tag registrations went up from \$44 to \$55.

In the planning and development department, one of the largest increases was made to aggregate extraction applications, which will now cost \$46,470 more than last year.
