Be prepared for emergencies on the road.

With wintry weather conditions upon us, it is important for everyone to take steps toward personal emergency preparedness not only at home, but also on the road. Every driver should carry a car survival kit including items such as booster cables, extra vehicle fluids, emergency flares, a candle and matches or lighter, a blanket and first aid equipment. And always remember to keep your vehicle serviced, with the gas tank at least half full. Halton Region is here to help you remain safe throughout any emergency situation. For more tips on how you can be prepared, please obtain a copy of the Personal Emergency Preparedness Guide at regional and municipal offices and facilities, on our website, or by calling Access Halton.
